

SILEC to bring 'eye-opening' drug-abuse seminar here

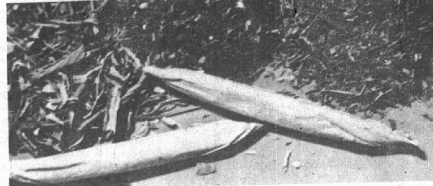

Residents planning to attend the May 4 drug and alcohol abuse program are being warned to be prepared for "a shock they won't forget," planners said this week as the final agenda for the evening program was released.

The "Community Dangerous Drug and Alcohol Update Program" will be presented by the Southwestern Illinois Law Enforcement Commission Mobile Team under sponsorship of the Granite City mayor's office, the police department, the school district, the Tri-City Area Chamber of Commerce's Crime Prevention and Control Committee, the Granite City Ministerial Alliance and the Madison County Drug and Alcohol Council.

The program, to be held at the auditorium of Tri-City Park Tabernacle, Maryville Road at Clark Avenue, will center on the shocking film, "Dead is Dead," which vividly portrays the dangers and consequences of drug and alcohol abuse. Parents are being advised to consider obtaining a baby sitter that night for younger children, due to the nature of the film.

Specially-selected speakers will address many facets of drug and alcohol abuse, including its medical, social and spiritual consequences, its effect on education and how law enforcement is attempting to deal with it.

Law enforcement speakers will include J.W. "Skip" Bennett, training

coordinator for the SILEC Mobile Team, S.A. David Palmer, squad leader for the Northeastern Metropolitan

Enforcement Group for Southwestern Illinois (MEGSI), and Granite City Chief of Police Ronald J. Velzer.

Medical and social effects of drug abuse will be discussed by Jim Brandenberger, R.N., coordinator of the Chemical Dependency Unit of Weldon Springs Hospital, St. Charles, Mo., and Mrs. Jean Schram, coordinator of Youth Services for the Madison County Council on Alcoholism and Drug Dependency.

James Dumont, principal of Granite City High School South, will discuss the effects of drug abuse on the educational environment and Dr. Thurnace York of Tri-City Park Tabernacle will discuss

the spiritual aspects of drug and alcohol abuse and what churches and ministers are doing to combat it.

The program will begin at 7 p.m. and last until 10 p.m. There will be a break in the middle, during which coffee will be served.

There is no charge for attending the training program and parents and professionals who deal with children are encouraged to be present.

"This information alert program should be of vital concern to any city official, school administrator, teacher, parent, social worker, minister, police officer and others who care about the future of our children," Chief Velzer commented.

SEMC to dedicate expansion

For almost three years, the sound of jackhammers has filled the air; dust from the destruction and construction of plaster board wall, has resettled in the hallways as soon as it is cleaned; the associates, patients and visitors have been detoured from their routine traffic patterns.

But finally, after almost three years, the jackhammers will soon be silent; the halls will be dust-free and everyone can once again settle into a regular routine. The most extensive construction and renovation project in the history of St. Elizabeth Medical Center is nearly complete.

The dedication ceremony for all new and renovated areas will be held at 1 p.m. Sunday, May 3 at the Washington Ave. entrance to the Medical Center. Both the ceremony and the open house which follows, from 1:30 to 3:30 p.m., are open to the community.

Ground was broken on May 25, 1978 for the \$18 million project. The expansion represents another step in building SEMC's tradition of quality health care throughout the Quad-City community, a spokesman said.

The building project includes the renovation of the medical records department, laboratory, the physician's library and lounge and the personnel and employment office. The third floor of the Binney Wing has been remodeled to create the intermediate cardiac care unit. A new power plant was built and the food service area has been enlarged. This included the construction of a new cafeteria.

The program also included the construction of a new wing, which bears the name of the Catholic hospital's founder, Father Peter Kaenders. Father Kaenders purchased the Granite City Hospital in 1911 from the Lutheran Hospital Association and renamed it, St. Elizabeth Hospital. In 1921 Father Kaenders sold the hospital to the present owners, The Sisters of Divine Providence.

The Kaenders' Pavilion houses many of the medical center's supportive services, as well as the expanded emergency care and X-ray departments and the hospital's new lobby. The supportive departments include the business and admitting office, social work, pastoral care, industrial

medicine, out-patient, security, the coffee and gift shops, maintenance, print shop, switchboard, storeroom, ICU waiting room, and the public relations department.

The presentation and renovation program makes it possible for SEMC to continue its concept of total patient care, embracing the physical, emotional, social and spiritual needs of all patients.

Following the dedication ceremony, tours of all new areas will be provided. The presentations "So Fine" describing the history and growth of SEMC and Granite City and "Building on Tradition" paying tribute to the people and traditions of the Medical Center will be shown.

Contracts for multi-purpose building OK'd

By PETE HAYES

All contracts on the proposed multi-purpose building at Southern Illinois University at Edwardsville were approved Friday by the Illinois Capital Development Board in Springfield and, according to the State Senator Sam Vadalabene of Edwardsville, it came none too soon.

The multi-purpose building at SIUE will house a gymnasium, classrooms, a swimming pool, laboratories, studios, offices, locker rooms, training rooms and special recreational facilities. It will be built along the service road that runs behind the main campus classroom buildings in the general area of Lovejoy Library. Construction on the proposed nearly-\$10 million project should begin shortly. It is expected to take about two years to build.

Vadalabene, who has worked hard to get an athletic facility at SIUE for more than 14 years, was gratified as he spoke from his office in Springfield. "This is a tremendous success for me," he said. "But what satisfies me the most is that SIUE will now be a total university."

"Students can go on SIUE and participate in physical education programs they couldn't before," said Vadalabene. "It will mean tremendous training for our students. We can now have major athletic events from all over the United States in our area."

The general contract for the construction project was awarded to Azarelli Construction of Kankakee, Ill., with a low bid of \$6,224,278. Plumbing and heating contracts were awarded to Kane Plumbing and Heating of Wood River. The bid for plumbing was \$747,000. The bid for

heating was \$871,755. The ventilation contract was awarded to France Plumbing and Heating of Edwardsville with a bid of \$558,880. The contract for electrical work on the project was awarded to U.D.E. Inc. of St. Louis which submitted a low bid of \$700,000. Bids totaled \$8,801,913.

Mrs. Lori (Lybarger) Bruch, 19, of San Antonio, Tex., formerly of Madison, was found murdered on a street in San Antonio early Thursday morning.

A suspect in the case was taken into custody by San Antonio police Friday, according to Madison Police Chief Don Bridick, who has been in communication with officers in the Texas community at the request of local family members.

Mrs. Bruch's body was discovered shortly after her husband, Marvin, reported her missing. She was bound and gagged and apparently had been beaten about the head.

Initially, Mrs. Bruch's auto was found abandoned in a rural area of San Antonio by the sheriff's department. The auto apparently was creating a traffic hazard and was towed from the

New assessment objection rules May 1

Madison County will begin using a strict set of guidelines May 1 to handle protests of property assessments, it was announced Friday by Madison County State's Attorney Dan Weber.

Weber, whose office has been investigating allegations of improper use of certificates of error to reduce some home assessments, said Friday, "It is the position of the state's attorney that the methods used prior to this date to contest real estate assessments are subject to abuse and not consistent with the law of the state of Illinois."

"To conform Madison County to the requirements of the law and to eliminate areas where abuse in assessment practices is possible, the following policies will be effective as of May 1," Weber said.

The new guidelines prohibit the use of certificates of error, except to correct an error in computation or other matters of a clerical or mathematical nature, or to allow a residential exemption under Senate Bill 1790, in certain cases.

No certificates of error will be issued for errors in judgment as to the valuation of properties. Nor may certificates of error be used for special sewer district number one taxes, for prior years, or at any time after a court judgment for delinquent taxes has been entered.

Certificates of error challenging computation or other matters not involving valuation will require a hearing before the board of review before they can be granted, according to the new guidelines.

Instead of using certificates of error to protest property assessments, Weber suggests meeting with the local township assessor and requesting an adjustment. If that fails to satisfy the property owner, he may file a written complaint with the Madison County Board of Review within 30 days of legal publication of assessments. The Board of Review then will set a hearing date.

If the decision of the Board of Review is not satisfactory, the property owner then may either file an appeal to the State Property Tax Appeal Board or pay his taxes by the due date under protest and object to the treasurer's application for judgment when it is issued.

If an appeal to the state appeal board is filed and the decision of that board is unsatisfactory, the property owner may file with the courts for an administrative review.

If, instead, the taxpayer has paid his taxes under protest and objects to the treasurer's application for judgment, he should schedule a conference with the state's attorney's office within 30 days to determine the valuation of his

property.

If that decision is not satisfactory, a hearing will be held within 90 days. Finally, if still dissatisfied after the hearing, the taxpayer may file an appeal with the courts, Weber explained.

He warned, "A taxpayer should consider consulting an attorney before attempting to use the tax protest procedures."

Any taxpayer who would like a free one-page sheet explaining the protest procedure may send a self-addressed, stamped envelope to the state's attorney's office, 103 Purcell St.,

Edwardsville, Ill. 62025.

A more detailed set of procedures is available at the state's attorney's office, but the person obtaining the detailed document will have to pay for the actual photocopy costs.

"It is the opinion of the state's attorney's office that these procedures, if followed, will eliminate favoritism and abuse in the tax assessment process. Matters concerning tax rates or assessments should be referred to the appropriate county officials who have authority in that area," Weber concluded.

New tennis courts may replace Dunbar annex

By LISA LUTZ
of the Press-Record

The City of Madison has plans to tear down the Dunbar annex and build recreational facilities in its place, the Madison School Board was informed in a regular meeting Thursday night.

Estimated cost for this project is \$35,000 and the city would need to apply for a federal grant which would pay half the costs.

However, the annex is property of Madison School District 12, and regulations state that the city must own the property in order to receive the grant.

School board members had planned to lease the annex to the city indefinitely for \$1 per year, as this would relieve the board of financial obligations, but city officials indicated

John Conway now captain in Army

John L. Conway, son of Mr. and Mrs. Julius C. Conway of 2551 State St., Granite City, has been promoted in the U.S. Army to the rank of captain.

Conway is the executive officer of the Headquarters and Service Battery, 2nd Battalion, 1st Field Artillery, at Fort Sill, Okla.

His wife, Madeline, is the daughter of Mr. and Mrs. Calvin Matthies of Chicago Heights.

Conway is a 1976 graduate of Western Illinois University at Macomb.

Attempt to fix blame for cracks in tennis courts

The newly-resurfaced tennis courts in Wilson Park are cracking and the Granite City Park Board is attempting to determine who is at fault.

Board member David Nolan said he has contacted the contractor who resurfaced the courts and the contractor has contacted the asphalt company.

The park's engineer is getting copies of the specifications and will attempt to determine whether the asphalt or the base is to blame.

The asphalt was put on top of the old tennis courts and it is possible the old base shifted, causing the new surface to shift. Another possibility is that rain during the resurfacing caused the asphalt to cool too rapidly, resulting in imperfections.

The board agreed not to attempt to repair the cracks until summer to see if they close when the asphalt gets hot and expands. To fill the cracks could result in additional damage or bubbles when the asphalt gets hot, it was noted.

Board member Jeff Worthen said it should be determined if the park district gave the contractor proper specifications. He noted the newly-resurfaced basketball courts have no cracks, possibly because of a different base.

Board President George Sykes said the cracks are small enough that there is no danger of anyone tripping on one and or of a crack misdirecting a tennis ball.

Board member Jeff Worthen suggested that the district withhold five percent of all future construction contracts in the future until the district is satisfied with the work done. He made a motion that future contracts specify that five percent will be placed into an escrow account until released by the park board.

Board member Barry Lohman disagreed, saying that such a stipulation might cause contractors to increase their bids. The motion to withhold the five percent was approved on a four to one vote with Lohman voting no.

The board also opened bids for pool and concession supplies and authorized Superintendent Harold Brown to award contracts to the lowest bidders. C.S. Robins was low bidder on most of the pool supplies, it was reported.

The board agreed to trade in two old park trucks and to

purchase a used pickup truck from Matthews Chevrolet. The purchase will not require bidding, since the truck will cost less than the \$2,000 above which bids must be taken.

A sole bid for \$70,000 to paint the ice rink was opened and taken under consideration. Board members expressed concern that the specifications do not call for repair of a split beam inside the rink while the scaffolding is up to do the painting. The board members decided to amend the specifications themselves and check the price for the additional work.

Illinois Bell offers entry control system

Illinois Bell now is offering a door entry control system that provides convenience and security in buildings where occupants want to screen visitors.

"This new system is intended mainly for people living in condominium or apartment complexes," said Ramona Medina, Illinois Bell product manager for the new Enterphone system, "but it also could be used in any building where the control of entry is essential, such as a loading dock in a shopping mall or a warehouse."

"The occupants need only a standard telephone to use the Enterphone system," said Medina. "Occupants here a distinctive double ring on their phone that indicates a call from the building's entrance. They answer as they would an outside call. If they wish to unlock the entrance door, occupants dial a special code," she said.

"Security is a major concern in apartment and condominium complexes, and the high quality voice reproduction with the Enterphone system lets occupants identify visitors by voice. If they receive nuisance or suspicious calls on the Enterphone, occupants can deal with those instantly by hanging up and then calling the building manager or the police."

The Enterphone system can handle a maximum of 2,016 apartments or condominium units and has no geographic limitations since it is an on-premises system. The system is compatible with all standard telephones, either rotary or TouchTone, and can serve up to 10 door entrances in the same complex.

Enterphone entrance equipment consists of a control panel equipped with

either a telephone handset or a speaker-microphone plus directory panels identifying each occupant. Visitors dial the code number assigned to the apartment or suite.

"One of the many convenient features about the system is the ability to communicate with visitors while on an outside telephone call, and vice versa. For example, if an occupant is making a local or long distance phone call, he or she can put the other party on hold, answer an Enterphone system and then return to the outside call," Medina said.

Grave markers for veterans

Families of veterans who select a burial site for a deceased veteran in a private cemetery have two options for Veterans Administration assistance in marking the grave. The VA is reminding them.

VA will provide a headstone or marker free of charge and ship it to the consignee designated on the application. Cost of placing the marker in a private cemetery must be borne by the applicant, however.

A second option is that VA will reimburse part of the cost of a headstone or marker bought privately and placed on the grave of a veteran. The current amount is \$50, which is the average cost of headstones purchased by VA.

Application for the VA headstone or marker may be addressed to: Director, Monument Service (42), Department of Memorial Affairs, Veterans Administration, 810 Vermont Ave., N.W., Washington, D.C. 20080.

An application for the \$50 reimbursement for a marker other than the VA standard is to be filed at the nearest VA regional office. Proper routing of the application will expedite service, it was noted.

New assessment

(Continued from Page 1)

Weber's outlining of the assessment objection procedures comes on the heels of his announcement last week that a criminal investigation and grand jury probe is underway into the procedures of the Madison County assessor's office and the county's Board of Review.

Members of the Board of Review have been subpoenaed to testify before the grand jury and two of the members, Terry Francis and Fred Finck, are known to have appeared. The jury adjourned last week without hearing from Board of Review chairman Robert Harris of Granite City, but that was because the grand jury ran out of time, according to Weber.

He said he expects the current investigation to be concluded within 30 days.

The investigation centers around a secret report prepared by the fraud and forgery division of the Illinois Department of Criminal Investigation (DCI) which was submitted to former state's attorney Nick Byron following a DCI investigation into the use of certificates of error to change property tax assessments.

Several prominent political names appeared on a list of persons whose home assessments had been reduced

through the certificate of error process, the report notes. Byron refused to make the report public.

Madison County Superintendent of Assessments James Barton has denied any wrongdoing and said he used the certificates of error only to correct improper assessments. Byron apparently concluded there were no law violations in the use of the certificates of error.

However, when Weber, a Republican, was elected, he reopened the investigation, which centers primarily on Democratic politicians.

that this agreement would be too costly to the city because of the grant application.

The board could sell or donate the property to the city, and it was decided at the meeting that the board's attorney will study the matter and recommend which option would better serve each party involved.

If the property is donated, conditions would stipulate that the property would

be used for recreational purposes only. In other business, the board received bids for school supplies, the roofing of the Madison High School Auditorium and the fencing of the Middle School. The bid for the roof was awarded to Lake Side Roofing Co. at a total cost of \$6,540.

Bids for fencing were submitted by two companies, but the board decided not to accept either bid until

specifications are clearly drawn. Supply bids were withheld, as the totals are not yet tabulated. American Youth Insurance was awarded the bid for insurance of athletes and cheerleaders. This company has been used by the board in the past.

In other business, Carl Bardell was appointed as the board's new secretary. The appointment is from April 1981 to April 1982.

SIUE contracts

(Continued from Page 1)

munity wanted the facility would be an understatement. The SIUE men's and women's basketball teams have had to play all of their home games at the Edwardsville High School gymnasium. They also have had to schedule their practice sessions either late at night after the EHS teams were finished with the gym, or at the SIUE "bubble gym," an air-inflated building located on the school's campus which is used mainly for intramural sports and recreational activities. After completion of the multi-purpose building, the bubble gym will most likely be taken down.

According to SIUE Athletic Director Ed Bigham, athletics will not be the only area to benefit from the multi-purpose building. "We don't want to overlook the fact that this will be a MULTI-PURPOSE building," said Bigham. "There will be classes held there, some musical concerts, guest lecturers, light industrial exhibitions. It's something that the entire area will be able to benefit from."

But Bigham, of course, is par-

ticularly interested in what the building will do for athletics. "It's the missing link for athletics at our school," he said. "It's something that's been a dream of most of our (athletic and physical education) faculty for a long time."

"To be able to finally have the ground-breaking is super."

The building will include more than 100,000 square feet of usable space. In addition to the recreational and academic uses, the building will house such athletics as tennis, gymnastics, jogging, volleyball, badminton, wrestling, handball, racquetball, weightlifting, swimming and, of course, basketball. The spectator seating will be approximately 5,000.

The sport that will most obviously benefit from the new building will be basketball. Men's head basketball coach Jim Dudley, who resigned his post last week, was elated. "This facility will help the entire area," he said. "But it'll be an obvious boon to our (basketball) program. We've been at an obvious disadvantage (practicing

and playing at the Edwardsville High gym)."

Whoever takes Dudley's reigns as head basketball coach will probably find his recruiting job a little easier with a brand-new athletic facility to help sell the school's program to potential SIUE basketball players.

"To be able to finally have the ground-breaking is super."

The multi-purpose building also could mean added income for area businesses, according to Vadalabene. "It'll be a tremendous boon to the economy of the area," he said. "It will take more than two years to build, creating many jobs."

"But after completion, the operation, maintenance and staffing will also employ many."

With the added athletic events at the facility, it should also stimulate business at our area hotels, motels, restaurants and visitor-supported businesses," he added.

scene. Her purse was inside the vehicle, it was learned.

Soon afterward, Mrs. Bruch's husband reported her missing and an investigation was launched. Mrs. Bruch was born in Granite City and had resided in Madison for 14 years.

She had moved to Oklahoma City,

Oklahoma, from Madison with her parents, Mr. and Mrs. Charles (Rita) Lybarger, about five years ago. She had been residing in San Antonio for several months.

While here, Mrs. Bruch attended Granite City High School South and was a member of St. Mary Roman Catholic Church of Madison.

Beside her husband and parents, Mrs. Bruch is survived by a son, Lance; a sister, Miss Linda Lybarger of Oklahoma City; a brother, Larry Lybarger of Oklahoma City; a grandmother, Mrs. Anita Lybarger of Madison; and many aunts, uncles and cousins here.

Funeral details may be found in the obituary column.

More marijuana arrests at South

Two more persons were arrested Thursday at Granite City High School South as police and school officials continue their investigation into marijuana and drug sales in and around

the school. A 15-year-old who was searched by a security monitor at 10:15 a.m. Thursday was found to have 18 marijuana cigarettes in his left sock. Police were

called and the youth, who lives in the 1700 block of Maple Ave., allegedly admitted selling 50 to 60 marijuana cigarettes a week at the school.

Officers are attempting to

determine his source of supply.

At 1:50 p.m. Thursday, police saw an 18-year-old suspected marijuana-user on school property near an auto parked at State Street and Pehling Road. When officers approached him, he ran into Wilson Park. A 20-year-old man seated on the hood of the parked car was questioned and taken into custody. He was identified as Carl R. Puckett, 20, Collinsville, and police alleged finding 22 grams of loose marijuana in a plastic bag in Puckett's coat pocket in the car.

The 18-year-old who fled into the park was located and alleged that Puckett had given him one marijuana cigarette, which the 18-year-old threw away when he ran. He was reprimanded and was released.

Faces ten charges after police chase

Dusty L. Ragsdale, 28, of 2324 Edwards St., faces a total of 10 charges after a high-speed chase from Pontoon Beach to the outskirts of Granite City at 4:30 a.m. Sunday.

A Pontoon Beach officer was driving a squad car east on Pontoon Road when he saw a white auto, without headlights, approaching him westbound in the eastbound lanes.

The car nearly struck the squad car, then turned south on Lake Drive, turning the headlights on, the officer alleged. He chased the white auto on Lake Drive at speeds in excess of 65 mph to Route 162, where the white car disobeyed the stop sign and turned west on Route 162, according to the officer's report.

Other police departments were notified of the pursuit and Granite City police established a roadblock on Route 162 at East 23rd Street. The Pontoon Beach patrolman reported that when the vehicle passed Route 162 and State 45 it was traveling in excess of 90 mph.

When the white car reached the roadblock at East 23rd St., the vehicle skidded sideways to a stop in road, next to a Granite City police car and the driver was ordered out and was arrested.

Police alleged finding open alcohol in the car. Ragsdale was charged with driving while under the influence of alcohol, illegal transportation of alcohol, fleeing from police, reckless driving, driving without headlights, disobeying a stop sign, driving in the wrong lane, and two charges of speeding.

He was lodged in the Granite City Jail and was released at 6:40 a.m. Sunday on \$102 cash bond. Instead of leaving the police station, however, Ragsdale allegedly remained behind the station and yelled loudly at officers through the shift change.

Granite City police then arrested him again, charged him with disorderly conduct and lodged him until 2:45 p.m. Sunday, when they released him on \$35 cash bond.

Teen flees from burning house

17-year-old Robert Alfaro, 2510 Jerden Ave., suffered a five-inch cut to his right forearm when fire in his family's home forced him to break a window and climb through it at 9:10 a.m. Thursday.

The fire was believed to have started in an electric hot plate in the kitchen and spread throughout the kitchen.

Smoke filled the house. Damage was estimated at \$9,000 to the house and \$2,000 to its contents. Firemen fought the blaze for one hour and 15 minutes.

Alfaro was taken by a Granite City ambulance to St. Elizabeth Medical Center, where he was admitted.

Juvenile's capture solves 12 burglaries

The capture Thursday of a 15-year-old escapee from the Pere Marquette Correctional Center has resulted in the solving of 12 burglaries in Granite City, according to Chief of Police Ronald J. Veizer.

Veizer said officers were called to a disturbance in the 1700 block of Delmar Avenue, where the youth lives, and saw him running from the area.

The boy, who already was a ward of the Department of Corrections from a previous arson and burglary case in Granite City, was wanted for escaping from Pere Marquette and was taken into custody.

Subsequent questioning and investigation led to the solving of 12 burglaries between March 16, 1980, and April 18, 1981, Veizer said. The boy allegedly was involved in the March 16, 1980, burglary at the home of Danny Shrum, 2204 Cleveland Blvd., and three burglaries June 19, Sept. 8, and Sept. 16, 1980, burglaries at 1733 Delmar Ave., where John Goodman, Roy L. Criss and Thelma Criss reside.

Other 1980 burglaries in which the boy allegedly was involved were Sept. 17 at the home of Ted Johannpeter, 1635 Delmar, Nov. 4 at the home of Alberta Cochran, 1718 Edison Ave., Nov. 12 at

the home of William Criss, 1735 Delmar, and Dec. 6 at the home of Jewell Morris, 1741 Delmar.

He also is accused of four 1981 burglaries, the first being Jan. 8 at the home of Barbara Turnbough, 1726 Edison, followed by burglaries March 30 at the home of Bryan Heifer, 2204 Cleveland Road, April 2 at the home of William Criss, 1735 Delmar, and a second burglary at the home of Roy Criss, 1733 Delmar, April 18.

Identify victim of bridge crash

The pedestrian killed at 9:15 p.m. April 21 on the Interstate 270 bridge over the Mississippi River has been identified as Vincent Castellucci.

Mr. Castellucci was about 40 years old, Illinois State Police said today. His last known address was Las Vegas, Nev.

He is believed to have been hitchhiking. The eastbound frozen food truck of Debbie Ferrell, Miller, Mo., was slowing for him when it was struck from behind by a boat storage firm's truck driven by Leonard Fuller, Wood River.

The impact pushed the front truck over Mr. Castellucci and into a guardrail. Both truck drivers were injured.

News notes

A state-funded parenting training program being offered in Granite City is described as one of the first major efforts of its type in the nation. Topics include child development, child management, anger control, and teaching skills. Goals are to help parents provide properly for their children.

Illinois Secretary of State Jim Edgar is reminding passenger car owners with license plate registrations expiring at midnight Thursday to purchase their brown 1982 stickers, to be displayed in the upper right corner of rear plates. Anyone driving an auto with an expired green April 1981 license will be subject to a fine for improper registration beginning Friday, May 1.

The Federal Home Loan Bank board decided Thursday to give federally chartered savings and loan associations and federal mutual savings banks near-total freedom starting April 30 to tie monthly home mortgage payments to market interest rates. Existing mortgages are not affected.

The 36 million Social Security recipients will get an 11.2 percent cost-of-living increase in July, boosting the average retired worker's monthly check from \$37 to \$74. Also increased 11.2 percent will be the four million aged, blind or disabled persons drawing supplemental security income.

The Illinois Senate Judiciary II Committee last week defeated 9-2 a bill to subject librarians to jail terms for distributing "harmful" material to minors.

Squad car damaged;
young man is sought

Granite City police have issued a warrant for the arrest of a 26-year-old man who allegedly broke a window on a Granite City police car and 12 miles from the car's antenna in Lincoln Place at 3:05 a.m. Saturday, about one hour after the man was released from jail on another charge.

The man first was taken into custody at 1:30 a.m. Saturday following a fight in Lincoln Place. Patrolman David Rosenberg was driving west when his squad car was blocked by a train.

When the train cleared the crossing, a passenger in the first eastbound car passing Rosenberg leaned out the window, waved his arms and screamed loudly at the officer. It was alleged that the man, who was wearing a dark jacket, was over Rosenberg's head and stopped the car around and stopped the auto from which the passenger had yelled at him.

A witness alleged the same young man arrested earlier damaged the squad car and was picked up by his wife in a car and they left the scene.

Police were unable to locate the man, so they prepared a warrant for his arrest on a charge of criminal damage to property.

Downtown House Tour and Fair set May 3

by DONNA KIMBRO
The Press-Record
Older and restored homes built in the early 1900's along Delmar Avenue and Cleveland Boulevard, once known as "silk stocking row" in Granite City will be featured in the May 3 House Tour, sponsored by the Downtown Neighborhood Restoration Society.

This neighborhood is the oldest residential section in Granite City with many of the homes built for early prominent citizens including mayors, an architect, businessmen and school superintendents and faculty members.

Granite City was incorporated as a city on March 9, 1896 with a population of 992. During this time there were 100 brick houses built, fifty single family and fifty two family dwellings to accommodate families of workers who settled here to work in the local plants during the industrial boom between 1894 and 1914.

Included on the itinerary of the tour is the Tri-City Area YMCA and five homes in various stages of renovation and restoration. The stately building constructed in 1924 to house the community YMCA has undergone several projects of redecoration and remodeling during the years.

In 1957 work was completed on the locker rooms and swimming pool area and in 1966 the auditorium was reconstructed. During 1974 extensive work was done on the existing windows and the ceilings were dropped.

The building contains a gymnasium, health area for men and women which includes a sauna, steam room, and exercise rooms as well as the swimming pool and auditorium. In 1978 a racquet ball court was added to the facilities and the upper floors contain the business offices and sleeping rooms for men.

A house owned by Ralph and Ladonna Walden located at 2225 Delmar Ave., was built in the early 1900's as a single family dwelling. In later years, it was used as a two family dwelling.

The Waldens reconverted the house into a single family residence and began extensive work on the woodwork, which is now restored to its original beauty. There are stained glass windows in the dwelling and the latest project, turning a butler's pantry into a library is near completion.

Another house on the tour is that of Pat and Alice Murphy at 2240 Delmar Ave., which features beautiful hardwood floors and unique kitchen cabinets.

The home is believed to have been built in the late 1920's or early 1930's. Ann Scott and her son, Eric moved into a house at 2330 Delmar Ave. in 1979 and Mrs. Scott is in the process of stripping wallpaper in three rooms in preparation to restoring the rooms to a comfortable living area.

Previous owners did an expensive remodeling program on the house which features a large front porch. A house, designed by

Granite City architect Charles Bailey, at 2214 Cleveland Blvd., is owned by Bud and Debbie Jones. They have started removing layers of paint from the woodwork which is solid oak. The four bedroom home has a formal dining room and was built in 1904. Focal points of the home is a dean's bench in the foyer.

Bill and Mollie Beatty are the fifth owners of a two story brick townhouse built in 1913 at 2323 Cleveland Blvd.

There are three gas fireplaces in the house and an oak paneled staircase. A new kitchen was added to the rear of the house and the old kitchen is being converted into a family room.

The planning committee for the DNRS has arranged to have a bus for the tour day. Area residents interested in visiting the homes may board the bus at the Granite City Township Hall at 1 p.m. and will be transported to each of the display houses. The bus will continue to run until 4:30 in the afternoon.

In addition to the tour, a craft fair will be featured at Civic Park at 20th Street, Niedringhaus and Delmar avenues, where various craftsmen will demonstrate their skills. A wide variety of items will be on sale at reasonable prices, the chairman noted.

Another highlight of the craft fair will be a display by members of the Granite City Art Guild who also will be selling unusual hats at a cost of \$1.50.

Refreshments will be served at the Township Hall throughout the afternoon. Tickets costing \$2.50 in advance may be purchased from any DNRS member or at Captain's Clipper, General Freight Service, Granite City Township Hall and Family Thoughtfulness Center, or at the Township Hall on the day of the tour for \$3.

Area realtors will also host open house programs at homes in the downtown area during the day of the tour. Those participating will be Century 21, Granite City Realty, ReMax, World Realty and Hocking Realty.

TWO ARRESTED AFTER PARKING LOT ENTRY
Russell James Pearman, 19, of 1637 Delmar Ave. was charged at 1 p.m. Wednesday last week with petty theft and Guy William Carroll, 20, of 2732 National Ave. was arrested for petty theft at 1:20 a.m. Tuesday in connection with alleged removal of hubcaps from the parked auto of Neverson Dollar of Madison in a Granite City Steel parking lot at 16th Street and Street and Madison Avenue.

Taken before Associate Judge Clayton R. Williams at 3:20 p.m. Tuesday, Carroll was sentenced to 37 days in the Madison County jail for criminal trespass to the parking lot. He pleaded innocent to petty theft and his bond on that charge was set at \$2,000.

MAKING THEIR OWN 28-minute television show will be just one of the experiences for kids in the Summer Institute for talented high school students beginning in June at Southern Illinois University at Edwardsville. For applications, Quad-Cities are calling Thomas Shea at 692-3896 before the May 8 deadline.

Consolidation of state children's agencies sought

The Illinois Commission on Children, a study commission of the Illinois General Assembly, has unanimously endorsed Gov. James Thompson's executive order transferring various programs for children and adolescents from four agencies to the Department of Children and Family Services.

The action came at a meeting of the commission Monday in Chicago. The 31-member group is comprised of both private citizens and state legislators, chaired by Mrs. Helen Weigle of Highland Park. It also supported establishment of a mental health division for children and adolescents in the DCFS.

Consolidation and coordination of children's services has been a continuing goal of the commission for many years. It also identified mental health services for children as one of the state's most pressing needs. The commission, established in 1981, develops bipartisan legislative

measures and advises lawmakers on bills affecting children, including welfare, education, mental health, and juvenile justice.

1973 AUTO STOLEN
The black vinyl and red 1973 Mustang two-door auto of Phillip R. Carahan, 1807 Kirkpatrick Homes, was stolen from the 1200 block of Meridian Street, authorities were notified.

"people make the difference."
Working in First Bank's Mini-Lobby keeps me under constant pressure, mostly because of the non-stop flow of walk-up customers, many of whom are always in a hurry! So, I have to work quickly, efficiently, and most of all accurately in completing deposits, withdrawals, money orders, traveler's checks and other daily routine banking transactions.

A part of my job which makes the constant pressure bearable is my on-going "love affair" with people, especially those who, over the years, have been coming to me regularly for their banking needs. In addition to these "old friends," I also have the privilege of meeting and serving new customers every day!

All of these things help give me a tremendous sense of pride as I leave my job at the bank each day feeling that I have helped contribute in a big way to its daily operation.

to share in the growth of our traditions...

1:00 pm Dedication of Kaenders Pavilion
1:30 pm Open House

Tour of all new departments

The Illinois State Health plan, whose goal is the achievement of equal access to quality health care at reasonable cost, has designated 10 health care priorities for the State of Illinois.

In keeping with our tradition of caring for the community, St. Elizabeth Medical Center is responding to these health care needs.

Alcoholism

• Managed by the Medical Center and responsible to a Community Board of Directors, ARCH (Alcoholic Rehabilitation Community House) is a half-way house for alcoholics.

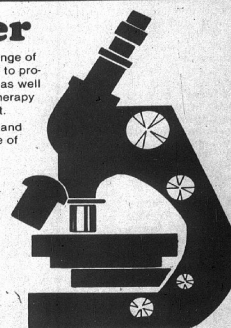

• An alcoholic treatment and rehab program providing in-hospital care, will be operational in July of 1981

Cancer

• SEMC has a full range of specialists and staff to provide early diagnosis as well as surgical, chemotherapy and cobalt treatment.

• SEMC is affiliated and assists with Hospice of Madison County.

Cardio-Vascular Disease

• 14 bed Intensive Care Unit equipped with sophisticated cardiac monitoring facilities and a nursing staff specially trained to care for cardiac patients.

• A Cardiac Rehabilitation Unit providing monitoring, follow-up care and patient education.

• Out-patient Cardiac Unit operational by fall of 1981

Cost Containment

• SEMC has an excellent record in this area; our per diem expense is in the lowest quantile in the Metro-St. Louis Area.

• Associates who suggest ways to reduce costs are awarded a check for 10% of the Medical Center's savings when the idea is implemented.

• A new program to educate associates in cost containment is being initiated as part of the Quality Assurance program.

Emergency Medical Service

• SEMC is designated by the State of Illinois as an area-wide Trauma Center.

• The Medical Center has a fully equipped Emergency Room with 24 hour physician coverage.

• Using radio or phone contact and long distance telemetry units, paramedics can transmit EKG tracings to the Emergency Room. The Emergency Room Physician can then read the EKG and instruct the paramedics in the administration of medications and treatment at the scene of an emergency. Paramedics are under a Physicians supervision at all times.

Financial Access to Health Care

• It is the policy of St. Elizabeth Medical Center to provide medical care to any person in need, regardless of their ability to pay.

• In 1980, the cost of providing free care was \$640,000.

Long Term Care

• Home Health provides skilled nursing personnel to care for people in their homes, providing a non-institutionalized aspect of health care, thus reducing the length of hospital stay and providing an alternative to nursing home care.

• Mobile Meals gives people unable to prepare their own food the opportunity to have regular nutritious meals in their homes.

• Stroke Rehab provides continuing therapy for patients after discharge.

Maternal & Child Health

• Pre-natal classes

• Immunization Clinic

• Full obstetric services with private labor rooms, fetal monitoring and the most up-to-date Newborn Nursery.

Preventative Health Services

• Pre-natal classes and diabetic teaching provide people with a better understanding of their physical condition and ways to maintain optimum good health.

• Screening is done as part of the Industrial Medicine Program.

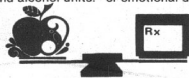

• Patient teaching is an integral part of rehabilitative teaching in stroke, cardio-pulmonary and alcohol units.

• Immunization Clinic

• VD Clinic

• Free Community Seminars provide information to the public about current health concerns.

• The Employee Assistance Program enables local business and industry to provide their employees with the benefit of confidential help and referral for family, social or emotional difficulties.

Primary Care Physicians

• There is a shortage of primary care physicians both nationally and in the state of Illinois. St. Elizabeth Medical Center has 36 primary care physicians on staff to serve the needs of families in the Metro-East area.

100 at Alternative Education conference

More than 100 school administrators, teachers, students and agency personnel from various sections of Illinois attended the first statewide conference on "Options in Alternative Education," held last week on the Edwardsville campus of Southern Illinois University.

Participants expressed definite interest in the continuation of sharing information and resources through future conferences and newsletters published by the Illinois Alternative Education Association, according to Donna Daisy of the local Alternative School staff.

The conference was co-sponsored by Granite City, Southern Illinois Law

Enforcement Commission, the Illinois State Board of Education and SIUE.

Keynote speakers were Dr. Charles Weingartner of the University of South Florida at Tampa and Dr. Mary Anne Rayward of Hofstra University, Hempstead, N. Y.

Discussions of specific interests, state policies in funding, state policies in alternative education, counseling, special education versus alternative education, learning styles and student seminars.

Those taking part were afforded an opportunity to become acquainted with many different formats for alternative, educational programs, which are now being established throughout Illinois.

Final concert Tuesday

Granite City High School South band will perform its final concert on April 28, at 8 p.m. in South's auditorium.

Terry Waffler, former band director of the South band and currently hand director at Mount Vernon High School, will be the guest conductor. Waffler will conduct Psalm 46. They're Playing Our Song, and Stars and Stripes.

Other selections to be conducted by Joe Owens, are Coat of Arms, Water Music, Finlandia, Laredo, and Riffin the Blues as an encore. The concert will close with the traditional number I'll See You Again.

Senior members of the band are Janice Barnes, Karen Cook, Nita Graham, Mike Hassler, Keith John-

son, Debi Kacera, Jeff Kuhn, Mary Metcalf, Don Ogden, Tim Passig, Mary Pennell, Julie Ross, Loretta Rutledge, Carla Ryterski, Suzi Sandall, Ted Thalman, John Votoupal, Joy Williams, and Faye Wills. Town and Country Amateur Art Show to be May 15-17

The Madison County Town and Country Amateur Art Show will be held May 15 through 17 at Cottonwood Station Mall-upper level on Highway 159 south of Edwardsville. Show hours for the public are: May 15 at 7:30-9 p.m.; Saturday, May 16, 9 a.m.-9 p.m. and Sunday, May 17, 1 p.m. to 3 p.m.

Chairman for the 1981 Show is Carolyn Smith of Granite City. The show is an opportunity for amateurs to display their original art work for the public and to receive formal recognition.

Deadline for entering the show was April 22.

Rules for the show define an amateur as a person who (1) does art work as a pastime, rather than as profession, (2) does not hold any degree in art, architecture, or similar arts, (3) is self-taught or has learned art skill through adult classes, (4) volunteers or charges nominal fee for instruction if given, (5) receives less than half of income from sale of art work or services, and (6) participates in local amateur exhibits within the community primarily for pleasure of showing and receiving recognition for work—not for purpose of sale.

Exhibits will be judged by a university art professor and winners will be eligible for regional competition in June.

Media classifications include original works of the artist in photography, carving, sculpture, hand thrown ceramics, painting, and drawing. Mediums for painting may be done on any base with oil, acrylic, transparent or opaque

July recommendation on college presidency

Belleville Area College Board Member John "Jack" Becker outlined the tasks of the college's Presidential Search Committee to the 11-member group during an organizational meeting last week.

The committee will screen applications and will recommend four to seven candidates for president of BAC to the college's Board of Trustees, which will make the final selection.

Becker is chairman of the committee, which includes civic leaders and will recommend four to seven candidates for president of BAC to the college's Board of Trustees, which will make the final selection.

Earl Lazerson deleggate to national conference

The selection of President Earl Lazerson of Southern Illinois University at Edwardsville as the higher education delegate to represent the colleges and universities in Illinois at a national conference on educational quality, has been announced by Robert

Benton of Des Moines, Iowa, president of the Council of Chief State School Officers (CCSSO).

The conference will convene August 2-7 in Colorado Springs, Colo., where the 30 chief school superintendents—one from each state—will discuss the key issues in education for the 1980s.

"Because of their deep concern about education at all levels, the 'chiefs' are asking one key college or university president from each state to join them at this historic conference," Benton said.

Describing the conference as a "summit meeting," the CCSSO president said it will be the first time the leaders of elementary and secondary education from every state will meet with their counterparts in higher education.

Benton, who is superintendent of public instruction for the State of Iowa, said the agenda will include discussions of the changing student patterns, curriculum, testing and evaluation, teacher training and assessment, state coordination and statewide evaluation.

"An outstanding faculty is being assembled, plus well-

known speakers who will bring national trends," Benton said.

In addition, the State Higher Education Officers will be meeting at the same time and place and will join the conference in a number of sessions.

President Lazerson, who has been the University's chief executive officer since September 1979, announced in his annual address in February that one of his goals is to forge a strong partnership between the University and the common schools.

Cameras may be allowed in courtrooms

By MARK RESMANN
Imagine viewing the "highlights" of a controversial murder trial in the comfort of your living room. Depending on Illinois Supreme Court action,

cameras could be allowed in courtrooms for a one-year period.

This possibility comes in light of the recent U.S. Supreme Court ruling which said states are free to allow still cameras, TV and radio coverage of criminal trials even if defendants object.

The U.S. Supreme Court carefully noted that television has no constitutional right of access to the courts, unless authorized by a particular state court system. But it also said television is a responsible and nondisruptive journalistic medium. That opened the door for electronic media's fight to

demand equal access to the courts.

But area court officials and lawyers seem less than enthusiastic about allowing cameras into the courtroom.

"It would detract from the legal process," said James Radcliffe, a criminal lawyer from Belleville. "The press adequately covers trials now."

Madison County Circuit Judge Phillip Rarick agreed that the press is doing "a fine job" of keeping the public informed. He said cameras, both still and T.V., would add to the problems.

"There's barely enough room for those involved in the proceedings without adding the people required to broadcast a trial," he said.

Madison County Chief Judge Horace Calvo said he "recognizes the right of the public" but thought the facts of a fair trial should be weighed against the public's right to be informed.

He said in many states

currently allowing cameras in court, it is up to the presiding judge to determine when cameras would be allowed.

He said he thought Illinois would probably follow the same procedure.

"Cameras can be disruptive not only because of bulkiness, but because they may hamper court proceedings," he said. "Many witnesses involved in serious, criminal cases are intimidated even before T.V., with coverage it would be much worse."

He said he thinks it would be a "hazard" to show portions of a trial on T.V., because the highlights might

exclude contrary evidence viewed by the jurors.

"The only cases the media would probably think newsworthy would be those involving serious crimes. If both sides of the story were not told, the public could get an unfair opinion of the defendant and could possibly relay this feeling to the jurors."

Calvo said this could lead to the sequestering of more jurors, something Madison County really can't afford.

Another problem concerning camera coverage would be the number of cases appealed by defendants who said they received

an unfair trial because of media coverage.

"In many cases the appellate court would be asked to declare a mistrial on the basis of media coverage. This could overburden the appellate courts with additional appeals," Calvo said.

The Illinois Supreme Court turned down a broadcast organization's petition for cameras in the courtroom in 1978. In light of the recent U.S. Supreme Court decision, journalism groups have asked the state Supreme Court to re-examine the issue.

Women's group will give awards

The Metro-East Chapter, National Organization for Women, will hold the 5th annual Alice Paul Awards ceremony at the Religious Center of SUE on Thursday, May 7, at 7:30 p.m.

Awards will be given to local feminists at the program, which will feature the Rev. Evelyn Wehling Fulton speaking on "Women and Religion."

Rev. Fulton is executive presbyter of the Presbytery of Elijah Parish Lovejoy in the Synod of Mid-America. She is the first woman executive in an urban Presbytery.

Born and raised in western Pennsylvania, she graduated from Chatham College in 1944 and from Carnegie-Mellon University in 1945 with a bachelor of science degree in business administration.

She was in the first class which graduated women from Pittsburgh-Xenia Theological Seminary in 1948, receiving a master's degree in religious education.

She has held many different positions with the United Presbyterian Church, taught in the Girls' College in Cairo, Egypt, for one year, participated in executive training programs and continuing education programs at seminars, and traveled extensively in all parts of the United States and the world.

She received the distinguished alumnae award in the field of religion from her alma mater, Chatham College. Rev. Fulton was ordained to the

REV. EVELYN FULTON

ministry in March 1978. Together with her church career, she has worked with women's organizations in the areas of tenure, salary and promotion.

She was a charter member of the first NOW group in Pittsburgh, formed because of concern for the problems of women university professors in the areas of tenure, salary and promotion.

Rev. Fulton's address here will encompass and reflect her wide range of experience and the need for guaranteed rights for women, a spokeswoman said.

The public is being invited to attend this free program and to stay for a reception afterward to talk with Rev. Fulton and the award winners.

STOLEN FROM HOME
Mrs. Clara Turner, 1801 Collinsville Ave., Madison, reported last week that \$150 worth of food stamps and \$50 cash were stolen from the pocket of her coat at home.

Slow growth by savings and loans

Figures newly released by a statewide trade association show that total Illinois savings and loan association assets grew 8.2 percent during 1980, making it the most sluggish year since the 6.2 percent asset growth of the 1974 recession.

"This shows that despite high interest rates caused by inflation, and the rapidly rising cost of money, Illinois associations' assets still grew," commented George M. Brody Jr., president of the Illinois Savings and Loan League.

Brody said Illinois S&Ls lent \$3.1 billion for single-family homes, financing about 57,000 households, more than enough to house the population of Peoria. Average purchase price of a Chicago home in 1980 was \$77,000, he said.

In Illinois, 65 percent of residents own the home in which they live, he estimated.

Combined assets of the 369

Illinois associations operating at the end of 1980 were \$46.1 billion, compared to \$42.6 billion at year-end 1979.

Illinois S&Ls comprise nine percent of those in the nation, and hold 7.5 percent of the assets.

Nationwide, savings and loan assets grew 8.9 percent last year to a total of \$918.5 billion.

Assets of the 25 largest savings and loan associations in Illinois vary from \$3.8 billion to \$286 million.

FREE CLASSES FOR PULMONARY PATIENTS

A free program for persons with chronic obstructive pulmonary disease will be offered by the Pulmonary Rehabilitation Program of St. Louis University Hospitals from 7 to 9 p.m. May 11-14.

The course is designed to help persons with emphysema, chronic bronchitis or adult asthma take better care of themselves at home. It consists of six hours of lectures, discussions and demonstrations by physicians, physical therapists, respiratory therapists, nurses and other allied health specialists. The entire family is being encouraged to attend and participate.

Parents install officers

Arlene Borer has been installed as president of Granite City Chapter 470, Parents Without Partners (PWP), for the 1981-82 year.

An installation dinner and dance was held at the Pipit Hall in St. Louis where officers from Granite City, Northside Chapter of St. Louis, Flo-Valley Chapter of Florissant and Northwest Chapter of Bridgeton were jointly installed.

The International president, Walt Lombardo of Sunnyvale, Calif., presided over the candle-light ceremony. The speaker was Freda Mark, past president of International. Don Bell, Gateway Regional Council president was master of ceremonies. An estimated 500 persons were in attendance for the event.

Other Granite City officers

instilled were Don Noud, vice president; Sharon Fedora, secretary; Evelyn Myint, treasurer; and Max Schaeffer, membership.

The board of directors includes: Judy Daniels, adult activities; Mary McDonald, family activities; Karen Frazar, education; Pearl Ellis, newsletters; Jo Ann Kalen, publicity; Doris Hendricks, ways and means; Ed Bradley, member community service; and Bill Schertz and Ruth Grissman, ethics and grievance.

The past-president, Sandy Ferguson, presented a trophy to Mary McDonald for Outstanding Member of the Year.

Benet captures South Tourney crown

GRANITE CITY — Record-wise, it should have been another relentless pursuit for the Lisle Benet Academy Red Wings to improve on their dismal record. But the Red Wings came into the Granite City South Round Robin Baseball Tournament with the worst season record at 4-10 and went home with the best tourney mark of 3-0.

Beating up on Granite City North 13-8 Friday afternoon, Benet came back here Saturday morning to defeat

Granite City South 6-5 and later in the day held off Kankakee Eastridge 4-3 to capture the unofficial tourney title.

The Steelers followed Benet's Saturday morning contest and posted a 8-6 win over the Raiders of Eastridge, although blowing an 8-2 lead. North went on to beat cross-town rival Granite South 5-4 (see related story) in the tourney finale to record the second best record at 2-1.

Benet Academy 4, Eastridge 3. The Raiders, who came into the tourney with one of the best percentage records of 9-6, saw Benet build a comfortable 4-0 lead. The Red Wings scored twice in the second, added one in the third and another in the fourth.

Eastridge tried to climb back into the game with a pair of runs in the sixth and seventh, but the Red Wings held on to their lead. Benet's crisp solid hitting staged off the Raiders' rally and handed them their second tourney loss in a row.

Granite North 8, Eastridge 6. North looked to jump out of its tailspin by grabbing only its second win in six games with a barrage of early runs against Eastridge. The Steelers did waste any time when Daren DePew cracked a one-out single in the first. Rick Buer followed and reached on a fielders choice as the Raiders missed.

DePew at second. Dan Patterson walked and Steve Tritschuh beat the throw on a dropped third strike with DePew scoring. Carl Luehmann stroked a single and an error scored two more runs. Eastridge cut it to one with a pair of home runs in the third, but North responded and took advantage of a number of miss thrown Raiders balls. Scoring five times in their third, the Steelers' Luehmann and Jeff Puryear picked up the an RBI a piece.

Two more tallies in the fourth on three Steeler errors, one in the fifth and another in the sixth and Eastridge had pulled to within two. However North's starting pitcher Ray Takmajan (brother of Steeler Rich) held on to complete the game.

Benet Academy 6, Granite South 5. The South Warriors went down in defeat for the second time in the tourney, but gave Benet all it could handle. South drew first blood

when George Jarvis singled home Mark Clark. Three straight base hits in the fifth by Phil Dudak, Dave Modrusic and Rick Daily put the Warriors on top again at 3-2. Modrusic and Daily drove in the runs.

But a four-run outburst in the Benet sixth made the difference as South could muster up only a single run in the seventh and fell short by one. Joe Schnefke drove in Ken Wilson in the sixth and Pat Linhart cracked a two-out double to score

Modrusic for South's final tally. Warrior relief pitcher Rick Daily took his second loss in as many days.

North edges South in meet

By TOM SCHOCKER of the Press-Record
GRANITE CITY — It was the type of game that capped off a perfectly frustrating weekend for the Granite City South baseball team.

In the final contest of the Granite City South Round Robin Baseball Tournament, cross-town rival Granite City North edged South 10-6-1.

It was the first meeting between the two teams this season with the Steelers finishing the tourney at 2-1 and improved their season mark to 10-6-1. North recorded the second best tourney record by winning its last two games straight while the Warriors went without a victory in three tries.

The finale of Saturday's competition pitted one of the most equal contests between North and South in several years. It was a perfect

confrontation as the Steelers threw their ace, Rich Takmajan and South went with its best in Randy Cann. But North's more consistent play throughout the season surfaced in the vital late innings.

Trailing by two runs in the fifth 4-2, the Steelers finally unsettled Cann. The Warrior starter has set down four in a row before Brian Corey drew a walk to start the fifth. Cann still couldn't find the plate and gave another free base to Daren DePew.

In a clutch at-bat, Rick Buer blasted an RBI double into the right-center field gap. After stroking two hits in his last two times to the plate, Dan Patterson lifted a deep fly ball to center and gathered in his second RBI of the game as DePew tagged up and scored.

Carl Luehmann continued to keep the centerfielder hopping by driving in North's third run on a 3-2 pitch, with a fly ball. Buer raced

home with the lead run. Warrior head coach John Modica had seen enough following the final out of the frame and replaced Cann with Jody Fenton.

"Cann was struggling," said Modica. "I went with him as far as I could and I think long enough. He's been in pressure situations before. If he would have been up for this game he would have eaten them (North) up. I really don't know why he didn't pitch well."

South didn't fold and made a push in the next two innings. However Takmajan was ready for the task and slipped out of a one out, first and second jam in the sixth. The Warriors kept up the pressure as Joe Schnefke moved Tom Newton, who had walked to start the seventh, to second with a sacrifice.

Despite losing a tough battle with Mark Clark, walking him on a 3-2 pitch, Takmajan clami pulled the

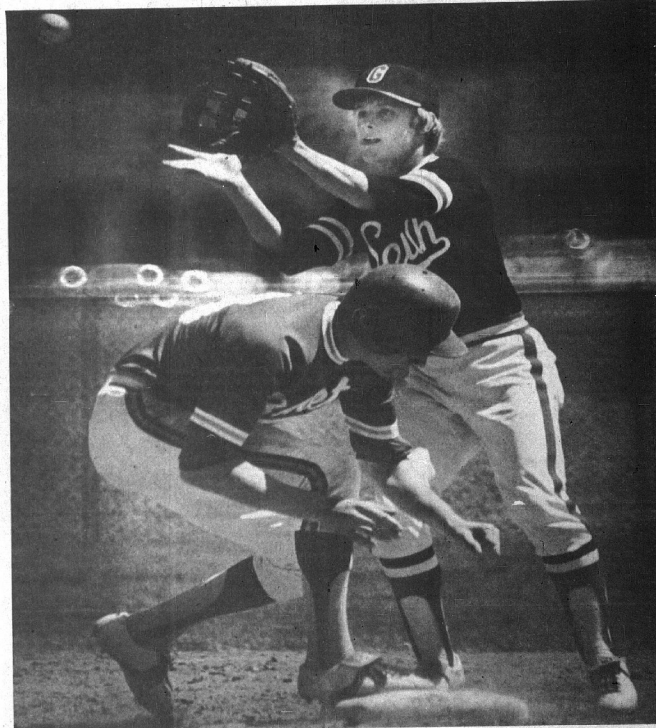

plug on Dave Modrusic by striking him out. He capped off a fine pitching performance, forcing John Linhart to pop up for the final out.

"There's no way you couldn't be hyped up for this game," said Takmajan. "I haven't pitched well the last couple of games and I think I was physically tired. But I was ready for this game."

Takmajan's late inning strength was a big key, however. South almost chased him from the game in the early goings. Facing a 2-0 deficit in the third, the Warriors worked around a sparkling catch by Steeler Luehmann and DePew's strike to nail Joe Schnefke on a signal attempt.

With two outs, Clark and Modrusic singled and the Warriors used three Steeler errors to score three times. Clark and Modrusic both crossed home along with

Schrader wins MRA race at T-C Speedway

By JEFF EAVES of the Press-Record
GRANITE CITY — Kenny Schrader of Benton, Mo., driving the Stadium Motors No. 14 sprint car, won the opening night races of regular sprint and limited late model stock cars on the half-mile clay track Saturday night at the Tri-City Speedway.

Schrader, who started on the first row outside, was never challenged and he also won the first race of the first Midwest Racing Association (MRA) event to be held at the speedway during the 1981 racing season.

Chuck Amati, the "One Armed Bandit" from Freeman Spur, Ill., finished second behind Schrader. Schrader and Amati were

followed by Danny Frye Jr., of St. Louis, Randy Standridge of Springfield, Ill., Jimmie Moughan Jr., of Springfield, Jack Zeigler of Marshall, Ill., Ron Standridge of Springfield, Chet Johnson of Dennison, Ill., and Bob Kammerer of Ottawa, Ill.

On lap 12 of the 20-lap feature, the race was red flagged when Jerry Wiggs of Marion, Ill., flipped end over end and over the outside guard rail in turn two and had to be taken to St. Elizabeth Medical Center for facial burn.

Dean Shirley of Middletown, Ill., and defending 1980 MRA champion won the first heat over Jimmy Moughan Jr., Wiggs and Jack Zeigler. Danny Frye

Jr., won the record eight lap heat over Kenny Schrader, Randy Standridge and Jerry Russell of Springfield, Ill. Chuck Amati won the third heat over Bob Kammerer, David Williams of Marion, Ill., and Tom Scott of Springfield, Ill.

Kenny Schrader won the trophy dash over Chick Amati, Dean Shirley and Bob Kammerer while Ed Grant of Canton, Ill., won the 12 lap "B" feature over Ron Standridge, Dave Kinsel of Springfield, Ill., Cliff Johnson of Metamora, Ill., and Chet Johnson.

A total of 27 sprinters were on hand. In the limited late model division Terry Gallaher of Hannibal, Mo., started on the front row inside driving his

Camaro and won the 20-lap feature over Gene Crider of Rolla, Mo., Mark Miner of Arnold, Mo., defending track champion Gary Potter of St. Charles, Mo., M. K. Wallace of Cahokia, Ill., and John Powell of Springfield, Ill.

On lap six, the race was red flagged because Doyle McMeen of Centralia, Ill., hit the third turn high pole and had to be taken to St. Elizabeth Medical Center for neck injury and a fractured left thumb. He was transferred to Barnes Hospital in St. Louis.

Terry Fallaher, on his way to a clean sweep for the evening, captured both eighth and ninth heat races. In the first heat Gallaher won over Gene Crider, Paul Humphrey Sr., of Dupu, Ill., and Mark Miner.

Gallaher again won the second heat over Gene Crider, Mark Miner and M. K. Wallace. Only 11 limited late models were on hand.

At GEC Relays

Edwardsville finished the meet with a total of 45 points, followed closely by North with 43 points. Cahokia edged out Granite City south for third place, 29-28½. Belleville Althoff finished well back of the pack with only six points.

In the girls meet, however, Althoff reversed things. The Lady Crusaders finished in first place, 7½ points ahead of second place Granite City North, which put in one of its

best performances of the season. Althoff finished with 37 points, followed by North with 29½, Granite City South 25, Edwardsville 24½, and Cahokia 11.

North's Steelers showed their strength — relays. In the 400 meter high hurdle shuttle, North Steelers Tim Rozyski, David Davis, David

thirdbaseman and had to compose an almost entirely different infield. The new changes and a fine two-hitter thrown by West's starting pitcher sent South deeper into its slump with a 7-2 loss. The first aftereffect of the North contest was the loss of thirdbaseman Paye Wills. Sliding into third during the game, she broke her right ankle and will be lost for the

rest of the season. Starting shortstop Tina Seabres was also absent from the line-up for what Warrior head coach Pat Yates called "disciplinary reasons."

So, the picture looked like this. Nita Graham had to come in from the outfield and play third. Natalie Buster was moved over from her usually second base position to play short and

Kim Ross started her first varsity game at second.

"Natalie hasn't played short before. Nita has never played third and Kim hasn't played the infield at all," said Yates. "We had a entirely different infield."

The defensive changes did create some problems as it was charged with two of

Dudley steps down as SIU-E cage coach

Special to the Press-Record
EDWARDSVILLE — Jim Dudley, head basketball coach at Southern Illinois University at Edwardsville. Since 1970, today announced his resignation, effective June 1.

Having compiled a record of 146 wins and 143 losses in his 11 seasons at the University, Dudley said his plans for the future are indefinite, but he expressed a desire to have more time with his family while looking at some other employment possibilities.

"I'd like to develop a little more regularity in my schedule and devote more time to my wife and two sons," Dudley said. Dudley, who has tenure as an instructor in the department of health, recreation and physical education, said he is giving serious con-

sideration to going back to teaching on a full-time basis. Commenting on the announcement, Athletic Director Ed Bigham said,

"Jim Dudley has been a great recruiter for SIUE and has had a winning record despite the handicap of not having a gymnasium. I'm sorry about his resignation, but I understand his wish to try something different."

Dudley said he has been pleased with the development of the basketball program at SIUE, even without a gymnasium. "We have competed against some of the most outstanding teams in the country," he said. "The strength of our schedule has brought national recognition to the University and has earned consideration for several trips to NCAA post-season competition. It speaks well for the dedication and hard work of our players during these 11 years, who gave

Edwardsville edges North

EDWARDSVILLE — The Edwardsville High boys track team edged Granite City North's Steelers here Saturday afternoon for the team championship of the Gateway East Conference Relays, held at SIUE-Edwardsville's Cougar Field.

Edwardsville finished the meet with a total of 45 points, followed closely by North with 43 points. Cahokia edged out Granite City south for third place, 29-28½. Belleville Althoff finished well back of the pack with only six points.

North's Steelers showed their strength — relays. In the 400 meter high hurdle shuttle, North Steelers Tim Rozyski, David Davis, David

Long and Wayne Peterson set a meet record with a time of 1:04.4. Edwardsville finished second, followed by Cahokia in third place.

North's 1600 meter (mile) relay team also finished in first place. Jon Bunch, David Davis, Glenn Thompson and Mark McWhorter ran the event in a time of 3:30.6.

They were followed in second place by Cahokia's squad and in third by Edwardsville.

North also got first place finishes from its shot put and discus relay squads. Mike Long, David Rensing and Mike Jackson combined their losses in both events for the winning distances. In the

The sprint medley appeared to have been won by Granite South, but the victory was disallowed because of an infraction on a baton handoff.

Nemeth
Award

GRANITE CITY — The
establishment of a George
Nemeth Memorial Wrestling
Award has been announced.
Nemeth, who passed away
recently, was an outstanding
wrestler for Granite City
High School and three-time
state champion was also an
assistant wrestling coach at
Granite City High School
North, where he taught.
Previous to that, he was
wrestling coach at Parather
Junior High School.

The award will be given to
the outstanding senior
wrestler as selected by his
coaches, at both Granite City
High School North and
Granite City High School
South. It will be awarded at
each year's wrestling
awards banquet. Since the
banquets for the just-
completed season have
already taken place,
however, this year's awards
will be given at each school's
senior awards day assembly.

People wanting to make a
contribution toward the
award may do so at the
American Heritage Bank in
Granite City or by contacting
any one of the following:
Monte Kessler (931-0581),
Walt Whitaker (876-0176),
Roger Bloodworth (876-5000)
or Al Lewis (931-2813).

Those wishing to do so may
make checks payable to the
George Nemeth Memorial
Fund.

DON COOK of Granite City South returns a volley in a recent
prep tennis match. Cook and his teammates joined a list of teams which
have suffered under the power of O'Fallon High, Saturday afternoon, when
the Panthers routed the field at the Belleville East Tennis Tournament.

O'FALLON — The
Madison High boys track
finished eighth here
Thursday in the running of
the O'Fallon Relays track
meet.
The Trojans had 15 points,
one back of Lebanon and
three back of Roxana.
O'Fallon won the meet
easily. Complete final
standings were: O'Fallon
120 1/2, Mascoutah 88 1/2,
Freeburg 55, Wesclin 32 1/2,
Breeze Mater Dei 24 1/2,
Roxana 18, Lebanon 16,
Madison 15, Greenville 14,
Jerseyville 13, Waterloo 12,
Triad 11 1/2, Wood River 6,
Highland 4, Civic Memorial
High of Bethalto did not
score.

Madison's Richard Borney
looked like a sure thing in the
100 meter dash. But after
running a 10.5 in the
preliminaries and qualifying
for the finals, he pulled a calf
muscle in the finals and was
forced to drop out of the
race. Madison's Charles
Fuller finished fifth in the 100

in a time of 10.8 seconds.
Mascoutah's Dover won it in
10.5, followed by Gilliams of
O'Fallon in 10.5 (a dead-
heat).
Madison's mile relay team
also finished fifth. Fuller,
Elmer Collins, Tyrone
Manzy and Borney finished
it in 3:35.9. Freeburg won it
in 3:31.8. Mascoutah was
second in 3:34.4, followed by
O'Fallon 3:34.7 and
Greenville 3:35.8.

Madison's freshman-so-
phomore 440 relay squad of
Santos Howard, Shawn
Brown, Collins and Fuller
finished second in 47.49
seconds. O'Fallon was first in
47.1. The Trojans' varsity 440
relay team of Branch,
Bernard Harper, Brown and
Borney was fifth in 47.5.
O'Fallon was first in 46.1.
Madison's time was its best
of the season.

Madison's Branch, Brown,
Manzy and Borney were fifth
in the 880 yard relay in
1:36.6. Freeburg finished
first in 1:35.5.

Kankakee does
well Friday

GRANITE CITY —
Although none of the teams
in the Granite City South
Round Robin Baseball
Tournament are having
seasons it would want to
about about, but one of the
visiting teams from upstate,
Kankakee Eastridge, has
found a way to improve its
record. Take trips down
south.

The Raiders, after com-
pleting a successful 5-2
stretch of games throughout
the Carbondale area last
week, continued to prey on
Southern teams by handing
Granite City South a 5-2 loss
in the second game here
Friday. The first contest saw
Lisle Benet Academy out-
slug Granite City North, 13-8.

Kankakee Eastridge 4
Granite South 2
A two-run second inning
for the Raiders made the
difference in the game
against South. They added
an insurance tally in the
sixth to preserve the win.
But South wasn't going to be
out-done without a fight.
The Warriors, trailing 3-0
in the third, cut into the
Eastridge lead. Phil
Modrunc single and headed
to second on a ground out
John Linhart then drove him
home with a single.

South came back in the
following inning and made it
a one-run game. Ken
Wilson doubled and was
sacrifice to third by Joe
Schneke. Mark Clark's
ground out score Wilson.

Rick Daily went the distance
on the mound for South, even
though throwing a five-hitter
and losing.
Benet Academy 13
Granite North 8
The Red Wings jumped all
over North starting pitcher
Paul Eads in the first inning.
Before Eads could even
break a sweat, Benet
unloaded with a barrage of
seven runs. It added two
more in the third and just to
be sure, scored four in the
fourth.

South's three errors, but the
biggest thing that hurt the
Warriors was not having
Seabares in the game. "I
think it hurt the team, not
having Tina in the line-up,"
said Yates. "She is our
leading base stealer and run
scorer."

However, before Dee
Shively, West's starting
pitcher, got into a groove,
freshman Vic Smith tried
to fill Seabares' shoes for
South. She collected one in
a run and scored a run. It
was about all the offense
Shively was going to allow.
West trailed 2-0 when
West put together two runs in
the second. But an opening
error seems to always lead
to trouble. And Buster
started the third inning for
the Warriors by reaching
base on an error. She was
sacrificed over to second by
Ann Chepley. Smith stepped
to the plate and with the
coolness of a senior drilled a
shot down the leftfield line
for a double. It was the only
extra base hit of the game
and it easily scored Buster
from second.

Before the Maroons knew
it, Smith had scooted over to
third when the ball was
thrown back in. Determined
to make her rounds com-
plete, Smith raced home
when a pitch eluded the West
catcher. "For a freshman,
Smith is very aggressive,"
said Yates. "I like that. She
is a very fast runner, but
doesn't have the base run-
ning experience yet."

South came back in the
following inning and made it
a one-run game. Ken
Wilson doubled and was
sacrifice to third by Joe
Schneke. Mark Clark's

North comeback means win

By TOM SCHOCKER
GRANITE CITY — Adrienne Pumpfrey versus Karen Spencer. It was a pitching duel beyond belief. By the time Pumpfrey, Granite City North's starting pitcher, departed and Spencer, Granite City South's starting pitcher, was finally relieved the outcome of the North-South softball game here Thursday was not in the hands of the hitters.

After 34 walks, 13 errors, only 15 hits and 37 runs, the Steelers pulled out a remarkable come-from-behind victory over South. In a wild Gateway East Conference contest, North scored four runs in the bottom of the seventh inning on five walks to win, 19-18.

With just 15 hits, nine by South and six by North, run production was left entirely in the hands of the pitching corps of both squads. Whichever side could throw strikes or something that resembled it,

so the hitters would swing, would have the upper hand. But as the 34 walks indicate, the contest was turned into the North-South Walkathon.

"It was a real pitchers' duel," said Steele head coach Gus Lignoul. "I believe I gave the sign to take a pitch only once or twice during the game. I knew Spencer was getting tired and wanted to make her throw the ball. The more she threw, the more she was going to tire as the game went along."

Spencer's time on the mound was numbered when North exploded with an eight-run fifth on seven walks. But she was called on again in the same inning when relief hurler Natalie Buster couldn't find the plate.

She made good on her second chance until the North's final frame. Owning a 18-15 lead, she opened the inning up with three straight walks. Spencer's touch was once more lost as Warrior

head coach Pat Yates tired of the pitcher — again. "Karen had trouble with her control," said Yates. "She thought a number of pitches looked pretty good and the umpire just wouldn't call the strikes."

With bases loaded, Buster continued the walkathon with two more walks. North was now down by only a single run and had the winning tally on second base.

It seems ironic that with all the runs being scored by walks, the winning blow would come via a base hit. Monica Fanning delivered the fatal shot when she drilled a two out single to center. Connie Siebert crossed home with the tying run and B.J. Lybarger raced around third and scored the deciding tally.

It also seems funny that it was Lybarger who was credited with the win. You see, she replaced Pumpfrey in the sixth and gave up just two runs on two hits while walking three.

"I went to Lybarger because I have tried just about everybody else as a pitcher," said Lignoul. "She was the last one I tried."

Warrior head coach Pat Yates' final attempt to stop North was with freshman Vickie Smith. She pitched to three batters in the seventh — the last three and gave up the winning hit. However, it was the walk to Lybarger, who scored the winning run, that dumped Buster with the loss.

Beside Fanning's game winning hit, Mickey Loftus was another key figure in the North attack. She poked two hits, collected two RBI and scored four times. In the losing cause, Vickie Smith banged out two hits for South while knocking in three runs and scoring once. Chris Boyd also had a productive game getting two base hits while scoring twice and collecting three RBI.

"Just because it was a North-South game had a lot to do with it," said Warrior

head coach Pat Yates. "I told the girls on the bus ride over that we couldn't take this game lightly. But I don't know any other time this would have happened than when North and South get together."

"I don't think the girls expected North to score that many runs. We didn't play good enough to deserve a win. North was just better than us. It's bad enough telling someone you lost, but telling the score is something else."

For Lignoul, his first year as the Steele head coach, the victory was extra sweet. It was the first win for North softball in TWO years. "Some teams know how to win and other know how to lose," said Lignoul. "We know how to lose. I'm sure any win at this point will help." The Steelers are now 1-4.

Williams to work for Illini

CHAMPAIGN — Today Neale Stoner, Director of Athletics at the University of Illinois, announced the planned opening of an office in St. Louis by the end of June with Wayne Williams serving as its director. Williams will resign his job as athletic director at Alton High. He will also step down as Alton football coach.

"The opening of an office in the St. Louis area and the hiring of Wayne Williams is an expansion of our regional athletic operation concept. With this continued approach, we intend to better service our alumni with a ticket outlet, a better communication channel and

improved public relations," Stoner said.

"We are excited about the results of our Chicago operation and office, and it is through that success that we are able to open a St. Louis outlet. We are very delighted to attract Wayne Williams to our staff. He has the qualities, identification and sound athletic background which should enhance our efforts in recruiting top area athletes, strengthening our Grants-In-Aid program, as well as servicing our alumni in various programs we intend to incorporate in the St. Louis and southern Illinois area. We are anxious

to get underway and start billboarding the University of Illinois and its athletic programs to that part of the state."

Although the St. Louis office will not officially open until the last week in June, Williams will start his duties June 1.

Williams, 45, was a very popular assistant football coach at Illinois during the 1975 and 1976 seasons, serving as receivers coach. Before joining the staff at Illinois, he served a one-year stint as offensive line coach at Illinois State University. Prior to that, Williams gained state-wide recognition in compiling a

17-year high school record of 69-4-4. He led Illinois prep teams at West Frankfort (1957-63); East Alton-Wood River (1964-68); and Granite City (1969-73).

After leaving Illinois, Williams returned to the prep ranks as head football coach and director of athletics at Alton Senior High School, positions he has held the past four years. As a player, Williams was a four-year letterwinner in both football and baseball at Southern Illinois University after starting at DuQuoin Township High School. He was named as the Salute Most Valuable Athlete during his senior year (1955).

Following graduation with a bachelor's degree in physical education, Williams was drafted by the New York

Giants, a team he spent the 1956 season with on the taxi squad. He came under the tutelage of two of the all-time great coaches who were members of the Giants staff at that time, Vince Lombardi and Tom Landry.

Williams later earned his master's degree from Southern Illinois University in education after his one season with the Giants. A native of DuQuoin, Williams and his wife Janet have two daughters, Denise, 22, and Debra, 21, and two sons David, 19, and Douglas, 16.

John Linhart. "They (South) didn't hurt us, we hurt ourselves," said Steele head coach Bob Stegmeyer. "But all the errors were aggressive errors. We didn't make the errors at the plate because we came up with the big hits."

South's fourth run was obtained by Ken Wilson, who cracked his second hit in the fourth inning and was the rest was all his doing. Stealing second, he blazed around the bases on North's fourth error of the game to score.

But Dan Patterson also ripped two hits for the Steelers, with two RBI and a run scored. Along with Buer's clutch double and the excellent performance from Takmajan, North may have appeared to break out of its slump.

"This was Takmajan's pitching high," said Stegmeyer. "He struck out seven and competed well tonight. If we get pitching

Investment and cooking TV shows

South-Western Cable TV, Channel 1, is announcing the addition of new regular programs to its schedule, including "Investment Forum" hosted by Scott Luster, a resident of Edwardsville who is an investment executive at Shearson, Loeb and Rhoades.

It will be produced here in our studio immediately after the market has closed for the week," said Mary Hildebrand, director of community programming.

Another new show is "Bouquet Garni," a French cooking program featuring Joy Bullivant. She was trained at the school of cooking that is Julia Child's alma mater, and has cooked for the August Busch family. She resides in Highland, where she recently opened a school and cafe.

In addition to regular programs on Channel 1, Mrs. Hildebrand said her crew tapes events occurring in South-Western's franchise area. These are played during the "Weekly Round Up."

The Channel 1 schedule includes Keep Fit With Donna, Kids are Special, Coffee Break, Joe May on Sports, Women Now. Also, Street Beat, Film Club, Local Religious Programs and Special Events, plus Community Channel bulletin board messages.

Bunco club meets

Mrs. Velma Radefel, 26 Cambridge Ave., hosted the Bunco Club in her home last week.

Prizes were won by Luella Propes, Myrtle Bruno, Angie Hartman, Lorraine Nelson and Mrs. Radefel. Mrs. Radefel served a luncheon to those mentioned and others in attendance: Alice Koester, Celeste Johnson and Grace Parmley.

It was announced that Mrs. Menzies will host the next meeting at her home on 219 Harding.

SIX QUAD-CITYANS IN CHORALE TOUR

The Concert Choral at SIUE will tour several high schools in the St. Louis metropolitan area May 1. Members include Rich Kindel of Mitchell and Granite Cityans Andy Bartling, Debbie Buer, Wayne Miles, Mary Peters and Debbie Popovchak.

The choral will also perform in concert at the Manchester United Methodist Church at 8 p.m. Friday. At each of its stops, the SIUE choral will be joined by members of the Hamsher (Webster Groves), Brentwood, McCluer, Kirkwood and Pattonville high school choirs.

ADULT EDUCATION BROADCAST SERIES

WSIE-FM (88.7), the campus radio station of Southern Illinois University at Edwardsville, plans five public service programs relating to adult education. The 30-minute programs will be broadcast on Tuesdays at 6:30 p.m.

Moderated by members of the SIUE Office of Continuing Education staff, the series includes: April 28, women's program, moderated by Christa Oxford; May 5, older adults, moderated by Reba Klenke; May 12, adult learners, moderated by Donald Shandler; May 19, wills and estate, moderated by Lynn Dietrich; and May 26, older adults, moderated by Reba Klenke.

TRADITIONAL VISIT. The Easter Bunny (Jim Rush) visits the pediatric ward of St. Elizabeth Medical Center and local nursing homes each year with his friends from the Granite

City Elks Club 1063. The bunny is shown here entertaining infant Amanda Humphrey at the medical center.

United Church annual meeting

The Illinois South Conference of the United Church of Christ will hold its annual meeting at St. John Church in Mascoutah, Saturday and Sunday, May 2 and 3. The conference, with offices in Highland, is made up of 94 churches across the southern part of Illinois, all south of Springfield.

"Hope Amid the Hurts" is the theme of the two-day meeting. Dr. Reuben A. Sheares II, executive director of the UCC Office for Church Life and Leadership, will be keynote speaker at the opening session at 9 a.m. Sunday.

The program will begin Saturday with song writing and composer Don Eaton leading a "Gathering in Song," followed by the opening celebration led by Associate Conference Minister Gil Bumb.

Eaton will provide a concert at 6 p.m. Saturday and will be featured again at a time of fellowship and singing following the evening session at 8:45.

The first business session will be called to order by Moderator Lorena Seun, a member of Evangelical UCC, Highland, at 10:15 a.m. Saturday. She will be assisted by the Rev. Walter Gerth of O'Fallon.

The agenda for the two days includes reports by Conference Minister William Kosheva, Associate Minister Bumb, Miss Shirley Bergmann, chairman of the board of directors, from St. Paul UCC, Columbia, and a review of reports from conference ministries, committees and special task forces.

Election of Dr. Kosheva to a third four-year term as the present (right now) interim conference minister is to take place at the first business session.

Elections of officers and of

persons to fill 50 other positions will be held Sunday morning following the worship service. There also will be Bible study, "town meetings" to discuss issues coming before the annual meeting, and budget hearings.

Budgets underwriting the work of the conference and the worldwide mission of the church, as well as a capital fund budget to underwrite improvements at the conference institutions, will be adopted Sunday afternoon. Resolutions on the financial needs of the church's institutions, pressing social issues, and the work of the conference generally will also come before the assembly for action.

The Illinois South Conference owns and operates Hoytson Children's Home at Hoytson, Hiltz Memorial Home for the Aged at Alhambra, New Athens Home for the Aged at New Athens, and the 200-acre DuBois Camp and Conference Center near DuBois. About 345 delegates will be in attendance, not counting many visitors who also will participate.

A Friday night pre-conference gathering sponsored by the youth of the conference at Shive Park in Mascoutah will feature music by Eaton beginning at 8. A \$2 admission fee will be charged.

The Illinois South Conference is one of 39 conferences in the two million member United Church of Christ, a 1967 merger of the Evangelical and Reformed and the Congregational Christian churches.

Navy Mothers to install

The Quad-City Navy Mothers Club 850 finalized plans for the installation of new club officers at their social meeting last week.

The installation will be held May 2 at the VFW Hall in Granite City at 8 p.m. Following the installation, there will be a pot luck dinner. After the dinner, Vines's International will provide dancing music for the remainder of the evening.

Prizes will be given, including a handmade quilt, made and donated by Mrs. Mamie Boyer.

Margaret Crawshaw will be the pianist for the ceremony. The public is invited to this free event.

After commander Irma Manning called last week's meeting to order, regular reports were given. Games were then played and prizes were won by Margaret Minzes, Mary Lee Busler.

The wedding of Miss Ginger Kay McClain, daughter of Mr. and Mrs. Wilbur A. McClain, 2505 Cleveland Blvd., and Joseph W. Turek Jr., 2204 Benton St., son of Mr. and Mrs. Joseph Turek Sr., 331 Susan, St. Louis, was solemnized on Feb. 7 at St. John United Church of Christ.

Large ferns accented with white satin bows decorated the sanctuary and burning tapers along the white carpeted aisle provided the setting for the 6 p.m. double ring ceremony performed by the Rev. Sheldon Culver.

John Wasson, played the guitar and sang, "In My Life," and "And I Love Her," preceding the service.

For her wedding, the bride selected a floor length ivory gown designed with a molded lace bodice, scoop neckline and long pleated sleeves.

Her straight skirt was enhanced with a wide lace band at mid-length and a pleated hemline flounce.

She held a bouquet of ivory orchids and ivy intermingled with green ribbons and baby's breath, and she wore sprigs of baby's breath in her hair.

Honor attendant was Mrs. Wilbur McClain, mother of the bride, and the bridesmaid was Mrs. John

Wasson.

They were attired in off white Qiana dresses fashioned with A-line skirts. Each attendant wore baby's breath in their hair and held a single ivory orchid, festooned with ivy and baby's breath.

The groom chose his brother, Christopher Turek, as best man.

James Vandillen, was the groomsman and seating the guests were Matthew Turek, another brother of the groom, and Christopher Griffin, the bride's cousin.

Guests were received at a reception held at Hendri's Party House in St. Louis, and the groom's parents entertained the wedding party at a rehearsal dinner in their home.

A graduate of South High School, the bride also graduated from Southern Illinois University at Carbondale with a B.S. degree in Marketing. She is now employed in the business offices of St. Elizabeth Medical Center.

The groom was graduated from Melville High School and Harris Teacher's College. He currently works for Turek Construction in St. Louis.

They are residing here following a wedding trip to Gulf Shores, La.

LT. GOV. O'NEAL TO TALK AT MCKENDREE
Illinois Lt. Gov. Dave O'Neal will speak on "The Press and Public Administration" at 7 p.m. Tuesday, April 28, on the McKendree College campus in Lebanon. He will be the guest of Dr. John Kovacs' public administration class, held in Old Main, Room 204, and the public is being invited to attend.

TRUMAN BORN
Harry S. Truman, 33rd president of the United States, was born on May 8, 1884.

Mr. and Mrs. Dennis Flach

Flach-Shuppert

Miss Lisa Kay Shuppert, daughter of Mr. and Mrs. Ben A. Shuppert, 349 Bunker Hill Road, Belleville, formerly of Granite City, became the bride of Dennis Kevin Flach, son of Mr. and Mrs. Kent W. Flach, Crone Drive, Belleville, on March 28.

The Rev. Dr. Eugene Leckrone officiated at the double ring ceremony performed in the Union United Methodist Church in Belleville, at 6 o'clock in the evening.

Escorted to the altar by her father, the bride wore a formal length gown of white lace fashioned with a fitted bodice, V-neckline edged in lace motifs and long full sleeves.

Her semi-full skirt extended into a chapel train. She wore a lace headpiece to secure her bridal veil of illusion, bordered with a tiny row of scallop lace, and she held a colonial bouquet of white silk roses, rosebuds, and baby's breath, intermingled with a pink spring blossom.

Maid of honor was Miss Lori McGinnis and bridesmaids included, Miss Alison B. Crane and Mrs. Becky Klucker.

Each attendant carried a Daphne rose floor length dresses complemented with a lace trimmed vest.

Each attendant carried an arrangement of roses and baby's breath.

Michael Moody attended the groom as best man. Robert Touchette and Jeffrey Simpson were groomsmen.

Seating the guests were Larry B. Lipscomb, a brother of the bride, and Stephen Flach, the groom's brother.

Guests were received at a reception held in the Swansea Improvement

May Fellowship Day at St. John United

May Fellowship Day, will be celebrated on May 1 by Church Women United in the Quad-City Area with a worship service at St. John's United Church of Christ, 2901 Nameoki Rd., at 10 a.m. Registration will begin at 9:30 a.m.

The guest speaker will be Gloria Hirsch and the theme will be "The Spirit of the Lord Presses...and Unites".

There will be a finger food luncheon served at noon. During the celebration, church women express their commitment to ecumenical worship and action in which they share nationally and internationally.

This year marks the 40th birthday of Church Women United as a national ecumenical movement in which Christian Women witness to their faith and unity in Jesus Christ through prayer, study, celebration and action.

The service was written by women from CWU in Illinois and Ohio who drew upon their experiences in CWU and upon just because, a history of CWU by former director Margaret Shannon.

In Church Women United, women of diverse backgrounds celebrate and act in a new unity, freed from the isolation and limitation of racial and ethnic exclusiveness.

The first May Fellowship Day celebration was held in 1933 when "Dedication Day" brought together church women in their own communities. Celebrated each year on the first Friday in

May, May Fellowship Day emphasizes the potential for creative and healing relationships in every community.

Co-chairmen, Ruth Jensen and Jane Kennerly extends an invitation to area women to attend the program. A nursery will be provided for the young children, the chairmen added.

Contata Wednesday at St. Paul's

A contata, written by Bill Gaither, will be presented at St. Paul's Church of the Nazarene, 4300 Maryville Road, this week.

The Rosewood Heights Church of the Nazarene Sanctuary Choir will perform the musical at 7 p.m. Wednesday, April 29, according to the Rev. Jerry Harris, host pastor.

Second Baptist spring revival

A spring revival, which opened Sunday, is continuing at the Second Baptist Church, 2100 Illinois Ave., and will close with morning services Sunday, May 3, according to the Rev. Carl Watkins, minister.

The Rev. William L. Weedman, pastor of the Westview Baptist Church in Belleville, is the featured evangelist. He is a native of Evansville, Ind., and earned a Doctor of Theology degree in 1967 from Southern Baptist Theological Seminary, Louisville, Ky.

Rev. Watkins extends an invitation to the public to attend the spiritual services each evening at 7:30. A nursery is available, he added.

Barbara Staub marks birthday

Barbara Staub celebrated her 19th birthday at a party given at the Pizza Hut by her sister, Sharon Staub.

During the social event a special prize was awarded to Bill French.

Other guests included Mary Ann Collins, Barbara Doyle, Joni Mezo, Vickie Kimbro, Jodi Alexander and Gregg Falter.

Sorority Founder's Day set

Plans for a Founder's Day banquet scheduled for Wednesday, at Charlie's Restaurant, were finalized at a meeting of Beta Sigma Phi Sorority City Council, hosted by the president, Betty Beck in her home.

She also announced a scholarship certificate had been presented to Anita Sue Graham by the International office of the sorority.

Carol Moerlein led the discussion for the banquet and Jan Monaghan reported that the entertainment will begin at 8:30 p.m.

A three day convention will be held in Springfield, Ill., in October, and the reservations for the event are due by May 20, the president noted.

An election of officers for the forthcoming year was held with Mrs. Monaghan named president, Carol Cathey, vice-president, Leoma Macek, recording secretary, and a corresponding secretary, and Mrs. Moerlein as treasurer.

A committee, including Kimbro, Jodi Alexander and Gregg Falter.

DeMolay Mothers plan projects

The DeMolay Mothers Club met at the Masonic Temple last week and finalized plans for a rummage sale to be held on June 27 in Sandy Wengrove to serve as chairman.

They also appointed Beverly Singleton as chairman of a committee to host the past presidents pot luck dinner on June 2 at the Masonic Temple.

Liz Gibbons, club president, presided at the session and led the group in the pledge to the flag. The Mother's Prayer was given by Mary Stuart.

Lois Hebblethwaite, chairman of the ways and means committee, displayed items which the members will sell, as a fund raising event. Proceeds from this project and the rummage sale will be used to purchase the DeMolay degree robes, the president announced.

Refreshments were served to those named and to Pat Tsigaloroff, Doris Payne, Ruby Sullivan, Evelyn Ringier, Jo Meyers, Hilda Few, Verna Stuart, Charlotte Mize, Delora Baker, Audrey Currier, Rene Perrin Buckingham and Martha Simpson.

The next business meeting is set for May 5, Mrs. Gibbons noted.

Band Parents plan picnic

Granite City High School South Band Parents met last week and discussed plans for a May 9 picnic and the president, Lou Passig appointed a committee to finish the arrangements.

Those named to serve were George Hlava, as chairman, and Mrs. Butts and Mrs. Rose.

Reports were submitted, during the business session, by George Hlava on finances, Sarah Metcalf on the senior banquet and Rosalie Buente on tag day. Mrs. Buente announced the project was a success and will enable the group to purchase new summer uniforms for the band members.

Joseph Owens, band director, attended the meeting and reviewed the band's progress to date this year, and added The Pit band will play for the school musical.

Bert Milaniis and Mrs. Buente were named to serve on the executive board.

Rhythm Band entertains

The American Association of Retired Persons Granite City Chapter 1340 Rhythm Band is a part of Granite City's local organizations which has been invited to perform at a number of functions in recent months.

The band entertains at institutions such as the Shriners' Hospital for Crippled Children, nursing homes and public hospitals.

The Disabled American Veterans provide transportation for the group on these tours.

The band has played for St. Margaret Mary's mother-daughter banquet and at the Knights of Columbus Hall in Wood River. Upcoming engagements are at the Ramada Inn and Mrs. Restaurant in Belleville and they are scheduled to play for the Maryville CBERS in May.

Members of the band are: Ruth Evans, a professional pianist, Dorothy Wheeler and Irene Kadane are vocalists, Dee Kleish and Vina Law, drums and Clara Schilling.

and Kathryn Smithson play the washboards.

Julia Mainor, Evelyn Blanter, Mary Lou Lyberger, Pauline Cox, Viola Lindner, Kathy Clark, Marion Rapsier and Helen Bergfield all play the horns.

The two men in the group are Cleveland Cox and Art Lindner.

Band members said they enjoy performing because their entertainment makes people happy.

Flight nurse at Scott base

Air Force Reserve Second Lieutenant Janis C. Vitale, daughter of Mr. and Mrs. Clarence Etheridge of 15 Terrace Lane, Granite City, was awarded silver wings upon graduation from the flight nurse course at Brooks Air Force Base in Texas.

Graduates of the course, already fully-qualified Air Force nurses, received specialized training in aeromedical evacuation techniques.

Lieut. Vitale, a flight nurse, will now serve at Scott Air Force Base, Belleville.

She received an associate degree in 1978 from Lincoln Land Community College in Springfield.

Members of the band are: Ruth Evans, a professional pianist, Dorothy Wheeler and Irene Kadane are vocalists, Dee Kleish and Vina Law, drums and Clara Schilling.

Curriculum workshops planned

Eight workshops will be held in the Granite City school district this summer to aid in further improving the caliber of instruction and updating the curriculum.

The planning was carried out by administrators and by members of American Federation of Teachers Local 743.

The workshop schedule has been outlined to the Board of Education by Curriculum Coordinator Warren D. Collins. It consists of:

KINDERGARTEN, four persons, week of June 29-July 3; study and revise the kindergarten supply list.

ELEMENTARY, six persons, two weeks from July 6 to 17; develop a structural program for teaching of penmanship at the elementary level, including cursive and manuscript.

JUNIOR HIGH, six persons, two weeks from June 8 to 19; develop programs for gifted seminars at the junior high school level.

JUNIOR AND SENIOR HIGHS, six persons, two weeks from June 22 to July 3; revise the curriculum content of existing art courses at the secondary level.

SENIOR AND JUNIOR HIGHS, six persons, two weeks from June 22 to July 3; revise descriptions and content of present physical education courses and re-evaluate the program to ensure compliance with federal Title IX requirements.

HIGH SCHOOL LEVEL, six persons, two weeks from June 8 to 19; revise the course content in secretarial training and clerical training.

SENIOR HIGHS, six persons, two weeks from June 22 to July 3; study and develop programs for use of microcomputers in mathematics and science.

HIGH SCHOOL LEVEL, two weeks; revise the English curriculum under a federal grant.

"All of the workshops are areas that have not been studied in recent years, and are areas of valid concern to our staff," Collins commented.

In other matters, the Granite City school district has applied for \$50,054 in state funds to underwrite the gifted instructional program for the 1981-82 school year.

IN KINDERGARTEN, through the sixth grade, it is proposed to continue the program of identifying and serving five percent of the pupil enrollment. The Otis-Lemmon ability test will be included as an identifying instrument.

A qualifying score of 126 on this test has been established. Other instruments to be used stipulate an intelligence quotient of 100 or above.

IN GRADES SEVEN AND EIGHT, the gifted program will include a seminar class offered to identified students as a daily half-hour lunch period elective. Gifted facilitator representatives, counselors and principals from the three junior high schools have been active in planning such seminars.

IN GRADES NINE THROUGH TWELVE, the top eight percent of students will be identified on the basis of class rank, teacher recommendation, standardized test scores, and student interest. It will then be determined in which specially designated courses, such as those known as "advanced placement" and "honors" sections, that these students will be served.

Gifted objectives, activities and evaluation procedures have been consolidated to identically serve both high schools.

A new school district policy bans the sale of food items to students during school hours, other than by the cafeteria department. The intent of this policy is to assure compliance with various state and federal regulations.

The prohibition is in effect anywhere premises until the end of the attendance day, and applies to parent or student organizations as well as to individuals.

The rule will not ban the taking of orders before the close of the school day, nor the delivery of food items after the close of the regular school day.

Another new policy ends pupil attendance upon completion of the required course work on school by the state of Illinois, the district's Board of Education and the North Central Association of Schools and Colleges, or upon attaining the age of 21.

Students eligible for graduation at the end of the first semester of a given year, based on credits earned, will be allowed to attend classes at the high school level during the second semester, subject to all regulations applicable to students.

In programs other than special education, the graduation requirement is 18 units of work, including two majors and one minor.

All students will be required to have seven semesters of English, one semester of oral communication (speech), two of mathematics, two of science, two of consumer home management, two semesters of American history, one of civics, one of health and one of physical education.

Depending on the program a student follows, certain requirements may be waived, the policy relates.

Special education students will be determined eligible for graduation based on a multi-disciplinary conference. They will be subject to all rules applicable to other pupils.

The policy committee also has discussed the idea of an exploratory leaves for certified employees, and the board has referred the concept back to the district for additional evaluation. Under such leaves, individuals would be granted time off without pay to try out alternate career fields.

It has been decided to publish a school district newsletter in the last week of the present term to further inform the public on items concerning the school system, including finances, special events, district-wide programs and the 1981-82 school calendar.

The spring reimbursement claim for vocational education will total \$100,000, representing half of the total yearly reimbursement to operate the vocational program.

Permission has been given to solicit funds for the American Cancer Society at the schools, with participation on a voluntary basis. The program is known as "send a mouse to college."

Band students in the fourth through twelfth grades are to participate in the ninth annual all-city band festival, with a public concert at 7:30 p.m. Saturday, May 16.

Rehearsals for elementary, junior high and high school band students during the morning and afternoon of that day will be led by the guest conductor, Robert Allan of Illinois State University, Bloomington-Normal.

The GCHS South science club will travel to Branson and Round Springs, Mo., May 22-25, and the GCHS South Letterman's Club will go to the Lake of the Ozarks June 5-7. Both trips will be at no cost to the school district.

Madison County Regional School Supt. Harold E. Briggs has commented on "the general condition of your school buses and the fine attitude and enthusiasm exhibited by your drivers. Their courtesy and cooperation is thoroughly appreciated."

The latest enrollment total is 10,772, with average daily attendance of 94.72 percent.

Army offers student loan forgiveness

For those who have a guaranteed Student Loan, part of the loan will be forgiven for each year served in the Army or Army Reserve, if the student enlists before Oct. 1, 1981.

Either \$1,500 or one-third of the loan, whichever is greater, will be eliminated from the loan for each year of service in the Army. After three years of service, the entire loan would be excused.

Army Reserve enlistees can reduce their student loans at the rate of \$500 or 15 percent per year of service, whichever is greater.

Some of the tests of this loan program will be presented to the Rotarians by means of a film. The Granite City Rotary Club meets at 12:15 p.m. in the Tri-City YMCA.

The loan forgiveness program offers enlistees a reward for their educational achievements. Lieutenant Colonel Joseph M. Lukitsch, Army St. Louis district recruiting commander, will qualify for the program, enlistees must be high school graduates enlisting on or after Oct. 1, 1975, before military service is performed.

Students who choose certain selected skills can also receive cash bonuses of up to \$5,000. The maximum bonus is \$1,500 in the Army Reserve.

The Illinois Power Co. has notified the Illinois Commerce Commission of its intention to release natural gas permits to 10 large industrial applicants who have submitted requests on file with the company.

Because the release will completely eliminate the waiting list for gas service that was first formed when Illinois Power Co. filed a contract with the state on July 7, 1970, the company proposes to issue gas permits upon application to all except extremely large industrial applicants, according to Kenneth W. Robertson, director of gas supply at Illinois Power.

All of IP's five pipeline suppliers are now able to deliver full requirements under existing contracts, Robertson said. Improved pipeline supplies and a continued strong conservation effort by customers have enabled the company to eliminate the waiting lists for gas service and to issue gas permits on a current basis, he added.

Probation ORDERED. Associate Judge Thomas Hildebrand this month placed Sateck Delaney, 18, St. Louis, on one-year probation for a March 28 forgery offense occurring in Madison.

Talk on health aspects of aging

What happens when a stroke interferes with hearing or when cancer of the larynx distorts the voice? Those are the kinds of questions George Kutzback will answer Wednesday as a guest speaker at the Gerontology Research Colloquia Series at SIUE.

The professor of speech pathology and audiology will discuss "Speech and Hearing Aspects of Aging" in general and certain hearing and language problems of the elderly in particular.

The series is part of a continuing interdisciplinary study on aging, sponsored by the All-University Committee on Geriatrics. The sessions are free and open to students, faculty and the public interested or concerned with older adults.

The series will continue Wednesday, May 13, with Dr. Richard Ham, chief of the Division of Geriatrics in the Department of Family Practice at the SIU School of Medicine, "Bio-medical Aspects of Aging: A Geriatrician's Perspective on Gerontology."

The series meets on Wednesdays from 6 to 8:30 p.m. in the Illinois Room of the University Center.

Rotary to hear report on area employment

The Granite City Rotary Club will hear representatives from the St. Louis Economic Conversion Project in Tuesday's, April 28, meeting. The St. Louis Economic Conversion Project is funded by the Ford Foundation to study the military dependency of the St. Louis Metropolitan Area economy, including Granite City and Madison County.

The group was begun after extensive lay-offs in the aftermath of the Vietnam War. In spite of the magnitude of job losses, military spending did not decline, it was said. Area industry has not substantially converted to a peacetime economy and the present anti-inflationary boom in military spending can have serious repercussions should recent history be ignored, a spokesman added.

The organization will hold its annual meeting in the auditorium beginning at 4 p.m. Guests will be welcome to attend the meeting.

Rotary to hear report on area employment

The Granite City Rotary Club will hear representatives from the St. Louis Economic Conversion Project in Tuesday's, April 28, meeting. The St. Louis Economic Conversion Project is funded by the Ford Foundation to study the military dependency of the St. Louis Metropolitan Area economy, including Granite City and Madison County.

The group was begun after extensive lay-offs in the aftermath of the Vietnam War. In spite of the magnitude of job losses, military spending did not decline, it was said. Revise law to end 'not guilty to insanity' verdicts

As Granite City Police Chief Ronald Veizer and other law enforcement officials have said, the need to close loopholes in the criminal justice system through which the guilty sometimes escape.

Governor James R. Thompson deserves public support of his loophole-closing plan announced Thursday, including steps to limit the delays and reduce the technicalities through which guilty persons go free and respect for the law is undermined.

In a special message to the General Assembly, Thompson urged lawmakers to work with him to "increase the risk of committing a crime by increasing the chance that the guilty will be convicted, without jeopardizing the innocent."

Discussing the Class X sentencing law enacted under his and legislators' leadership Feb. 1, 1978, the governor says, "The strict sentencing structure we have worked so hard to create cannot operate in a vacuum. Harsh sentences won't deter crime unless the system creates a certainty that they will be imposed on those who violate the law."

"Elimination of unnecessary technicalities can serve to promote certainty in the criminal justice process. Certainty of punishment, in turn, can help us exorcise the curse of violent crime."

Specific proposals would:
1. Create a "guilty but mentally ill" verdict—rather than "innocent by reason of insanity"—to assure that those responsible for crimes are punished as well as treated. "This verdict would recognize gradations in the degree of mental impairment," Thompson says. "It would provide accountability and promote the treatment function."

"It would eliminate the need to manipulate the system. Most importantly, it would protect people from violence by those with mental ailments who have squeezed through loopholes in our system."

2. Provide for a "dangerousness" hearing to protect society against improper release of those with mental ailments. Under current law, a person must be released within a specified period if he cannot be made fit to stand trial. The proposal would allow courts to provide for treatment in a secure facility for any length of time up to the maximum potential sentence, if the state can prove that release would pose a danger to the community.

"When persons can be proven dangerous to others, the state has a responsibility to

isolate them from society," the governor says.

3. Reduce the number of "free" challenges to prospective jurors in order to reduce the delay and cost involved in jury selection.

In cases where the death penalty is sought, challenges would remain at 20. In single-defendant felony cases, challenges would be reduced from 10 to six. In misdemeanor cases, "free" challenges would drop from five to three.

Thompson says, "By removing Illinois from its current extreme position—near the top of all states in allowing challenges—and placing it in the mainstream with respect to the number of trials, reduce judicial backlogs, effect substantial savings, and eliminate an expensive trial-delaying tactic."

4. Acknowledge the state's right to a jury trial to guard against the appearance of impropriety caused by the chance selection of a particular judge.

Also, as a result of the very limited dollar amounts available according to the governor's recommendation, the board altered slightly its emphasis on general state aid in order to provide more funds for the mandated categorical programs.

That is, in the State Board of Education recommendation, general state aid comprises 67.6 percent of the appropriation request, while in the board's response to the governor's appropriation recommendation, state aid is 67.2 percent of the appropriation.

This shift in emphasis is in response to the board's concern about addressing the local burden of funding

As the governor commented Thursday, the state would be wise to act regarding "defendants' privileges that have been carried to absurd extremes." At the same time, Illinois must continue to respect federal and state constitutional guarantees.

Certainty of punishment is the major principle on which the deterrent force of criminal law rests.

This being true, respect for the law must no longer be allowed to be subverted through permitting the guilty to go free.

Lower state school aid hike than usual

To the Editor:

Governor Thompson has announced his proposed appropriation level for elementary and secondary education for fiscal year 1982.

In meeting with the State Board of Education in late February, he requested that the board notify local districts of the potential effects of his appropriation proposal.

As presented in the governor's Illinois budget—1982, an amount of \$2,270,700,000 in state funds is proposed, an increase of \$90 million over this year's estimated expenditures (\$6 million over this year's appropriations).

The board's proposed budget for 1982 requests \$2,370,800,000, an increase of \$186 million over this year's appropriations.

At its meeting of March 12, the board adopted a projected allocation to the governor's appropriation level.

Several points need to be noted concerning this projected allocation.

First, it is not the board's budget goal.

We have introduced appropriation bills requesting the \$186 million increase in state funds and will continue to pursue this level.

Also, as a result of the very limited dollar amounts available according to the governor's recommendation, the board altered slightly its emphasis on general state aid in order to provide more funds for the mandated categorical programs.

That is, in the State Board of Education recommendation, general state aid comprises 67.6 percent of the appropriation request, while in the board's response to the governor's appropriation recommendation, state aid is 67.2 percent of the appropriation.

This shift in emphasis is in response to the board's concern about addressing the local burden of funding

mandate programs when there is a shortfall in state funds for these programs.

Finally, the board has taken the position that if the available state resources are limited to the extent that the governor has proposed, then some of the resources previously assigned to the non-statutory categorical and State Board of Education initiatives should be allocated to the mandated programs and general state aid, even if it requires an actual reduction in funds below current levels for the non-statutory programs.

In the reimbursements for statutory categorical programs, the projected allocation accommodates an estimated 91 percent variation for all programs.

While we will continue to pursue the board's proposed budget for fiscal year 1982, this projected allocation to the governor's level is being sent to assist educators in the decisions they must now make on local district budgets for the coming school year.

Historically, the amount of dollars that has been appropriated for education by the General Assembly has been lower than the request by the State Board, but usually somewhat higher than the figure provided by the governor.

We have no reason to believe that the situation will be any different this year.

However, we must emphasize that the fiscal constraint which the state faces because of diminishing revenue is a significant

We should be prepared for the potential of less new money this year than we have become accustomed to receiving.

State Board of Education

Examination of ballots supports Nameoki wins

Losing candidates in Nameoki Township were given the opportunity to examine the ballots in nine precincts Thursday night during a discovery session which lasted until midnight.

Precincts three, seven and nine were challenged by incumbent tax collector, Freida Ballew, who lost to Norman Hall in that position by only nine votes, according to the canvass.

Precincts four, five and six were challenged by incumbent town clerk Douglas Teeter, who lost by 27 votes to Donald Ridgeway, according to the canvass, and precincts 10, 11 and 12 were challenged by unsuccessful tax collector candidate Andy Besserman, who finished sixth in an eight-way race for four trustee positions.

Besserman had 142 votes and needed 58 more to defeat W. Lee Adams, who had 1,540 votes, the canvass showed. Also challenging the

ballots in precincts three, five and six was unsuccessful candidate for Jan Langenstein, who finished fifth in the trustee race with 1,502 votes, 38 votes less than W. Lee Adams.

Discovery requests by Richard Kismet, unsuccessful candidate for supervisor, and David Partney, unsuccessful tax assessor candidate, were refused by the election board, since neither's vote total was within the required five percent of the winning total.

Thursday night's examination of the ballots failed to show more than a four or two vote difference from the canvass, the candidates agreed. The only three precincts opened for discovery, precincts one, two and eight, were previously recounted by Madison County Clerk Evelyn Bowles under court orders.

Sunflower pageant for region to be May 16

The Illinois-Missouri Sunflower Pageant will be held Saturday, May 16, 9 a.m.—all day at the Hartford Recreational Building, Hartford, Ill.

The pageant will be judged on an individual interview; modeling a party dress (formal for 11 years and over); and modeling a sportswear outfit. Contestants are to wear white slacks and official Sunflower T-shirts for their interview.

Talent competition is judged separately and must be three minutes or less. Contestants may enter modeling and talent or may enter either separately. Talent and beauty winners each receive a trophy, flowers, gifts and entry fee to the National Sunflower Pageant to be held in Las Vegas, Nev., the last week of July, 1981.

Age divisions are 0-3, 4-6, 7-10, 11-14 and 15 and over. The awards include one 2500 year Iowa St., between 9 p.m. Thursday and 8 a.m. Friday. Entry was believed gained through a window.

Sunflower pageants are noted for the contributions to the Muscular Dystrophy Association. All door proceeds from Sunflower pageants are presented to the Muscular Dystrophy Association. All national contestants are encouraged to collect as much as possible for the MD Association also. Last year Missouri alone collected \$3,000 for MD and it was presented to the MD telethon in St. Louis.

For more information on the Illinois-Missouri Sunflower Regional Pageant, contact Shelia MacLachlan (618) 451-1577. Deadline for entries is May 9.

IOWA BURGLARY
A \$100 stereo receiver, a \$150 turntable, about 100 record albums and one 2500 year Iowa St., between 9 p.m. Thursday and 8 a.m. Friday. Entry was believed gained through a window.

A luncheon was served after which Pichelle conducted a question and answer period.

Propose income tax for schools

To the Editor:

A first step in radically changing the means of financing this month when it encouraged the General Assembly to evaluate the feasibility of switching school taxes from the property tax to an increased income tax.

The commission, in my own view, is not flatly recommending a change in the source of school funding.

But we are agreed that a close look at the effects of such a change should be seriously undertaken.

We have looked at the possibilities in a preliminary manner, and are now waiting for the results of a study we have commissioned with a Chicago law firm.

Frankly, our initial look at the income tax as a substitute for the property tax has raised a rather awesome number of profound questions.

But we believe the time has come to give this study the most serious consideration.

The income tax study proposal was only one of a number of other recommendations developed by the Local Government Study Commission during the last seven months.

The 16-member commission is composed of legislators and public members chosen by the governor and the four legislative leaders. It is chaired by myself.

Another major commission proposal may lead to some relief for property taxpayers beginning with the tax year 1983.

Throughout the state, we have found a serious breakdown in the entire property tax system.

One of the key trouble areas is the evidently increasing burden of property taxes by the governments, and the unduly long lag in the property tax cycle.

As a result, there is only the most tenuous relationship between the tax and the services provided.

People in the East, South and Midwest have only the foggiest notion of the extent to which land in the Far West is owned by the federal government.

The federal government owns 90.1 percent of Alaska, 87.3 percent of Nevada, 65 percent of Utah and 63.7 percent of Idaho.

In the other states west of the 100th meridian—roughly west of Texas—the federal government controls land from 29 percent to 52.4 percent of the land.

Though the Western federal government is a growing, federal bureaucrats continue to hold onto the vast public lands. By controlling these lands, they control the economic development of the region.

The domination of the federal government may not last forever. Today, control is a growing "Sagebrush Rebellion" by Westerners who believe there ought to be an orderly transfer of the federally-controlled lands to productive ownership.

Many citizens in other parts of the country will look with favor on this rebellion. No reason exists why one-third of the land will look with favor on this rebellion. No reason exists why one-third of the land area of the

ship between a government or school district expenditure year, or budget, and the amount of property taxes they are seeking.

We have even found instances of some school districts levying taxes two years before they expect to spend the money.

The problem is caused in many instances by delay in obtaining firm assessment figures on which the taxes are based.

In many cases, it is simply a matter of guessing about the yields of any particular tax rate.

Instead of taxing on the basis of sound financial principles and needs, I believe some governments are operating in a "cuckoo-land" atmosphere.

To meet this problem we have developed a program whereby, beginning with the year 1983, school districts will be required to determine their property tax needs in the month of June, based on the values on the books for the 1980 calendar year plus any new construction made or additions subsequently added to the tax rolls.

The tax bills will be prepared and put in the mail in November 1982, with the first installment due in January 1983.

Instead of the present two payments, there will be four due dates.

The four-payment schedule will assist property owners in getting their tax dollars together, and they will know what the entire tax bill will be as early as November 1982.

In addition, we are recommending that county boards be given the authority to provide a system of property tax relief for the early payment of taxes.

During each following year, the same procedure will be used, with the governments determining their taxes on the basis of

values for the second preceding year, a figure that will be known.

The practical effect for taxpayers, in addition to having an easier payment schedule spread over four payments, is that there will be an effective delay in the impact of continuous increases in assessments largely caused by inflationary forces.

By simplifying the system, we also hope taxpayers will be encouraged to become more involved in their school and other governmental bodies, particularly in matters affecting the property tax.

A third major recommendation of the commission is to ease the burden of financing many of its functions.

We firmly believe the counties should continue to play a strong role in the court system, but they need additional resources to do so.

We are urging the General Assembly to consider a number of possible sources for increased county funding of the court system.

The commission also has addressed the growing problem of government and school indebtedness, and it has made a number of recommendations to guard against possible abuses, to firm up the standing of government in the financial market, and to reduce growing interest costs.

All of these recommendations will be introduced in the General Assembly this session.

Illinois Local Government Finance Study Commission

Bureaucrats block energy self-sufficiency

To the Editor:

People in the East, South and Midwest have only the foggiest notion of the extent to which land in the Far West is owned by the federal government.

The federal government owns 90.1 percent of Alaska, 87.3 percent of Nevada, 65 percent of Utah and 63.7 percent of Idaho.

The domination of the federal government may not last forever. Today, control is a growing "Sagebrush Rebellion" by Westerners who believe there ought to be an orderly transfer of the federally-controlled lands to productive ownership.

Many citizens in other parts of the country will look with favor on this rebellion. No reason exists why one-third of the land will look with favor on this rebellion. No reason exists why one-third of the land area of the

United States continues to be controlled by officials in Washington. Americans believe in the private ownership of property.

An organization has been formed to develop legal, economic and educational data in support of the divestiture of the public domain from the federal government.

It is the League for the Advancement of States' Equal Rights—LASER, headquartered in Salt Lake City, Utah.

The chairman of the board of trustees of LASER is Dr. Alex Orlan, an internationally known scientist in the field of metallurgy and fuels engineering. Advisory board members include Senators Ted Stevens of Alaska and Orrin G. Hatch of Utah and John L. Harmer, former lieutenant governor of California.

One purpose of LASER is to acquaint Americans in other regions with the fact that the Far West is dominated from 2,000 miles away.

"The problem," it says, "is the rigid and coercive bureaucracy that dictates to supposedly free Americans the denial of their property rights."

In recent years, the problems of the Far West

have been intensified by the environmental extremism of the government, which wants to lock up precious natural resources in wilderness areas.

The American people in the lower 48 states need full development of Alaska oil resources. But the administration has blocked development of vast areas where there is good reason to believe oil is located.

At the same time, federal officials have made it enormously difficult to mine coal in the Western mining regions. The American people must gain access to this coal if they aren't to be dangerously dependent on foreign oil throughout the 1980s and 1990s.

In short, the Sagebrush Rebellion makes sense for most Americans. The U.S. needs to strive for self-sufficiency in energy and raw materials.

The only way that can be done is by tapping the resources of the energy and mineral-rich states of the Far West.

IF LASER can help get rid of the dead hand of government on the Far West lands, it will have performed a great service for all Americans.

Unfair rate hike for residences

To the Editor:

The Illinois Association of Community Action Agencies objects to the recent rate hike granted to the Union Electric Company by the Illinois Commerce Commission.

The increase unfairly burdens residential customers. The 10.04 percent increase in revenues, which will generate an extra \$10.7

million per year, will be paid for by allowing residential revenues to increase 11.5 percent while allowing general service revenues to increase only 8.2 percent.

Instead, the Association strongly believes charges should be spread evenly across all classes of customers, including the commercial and industrial ones.

The cost of this rate increase to the average

residential customer will be \$26.17 a year.

We support the Commission's rejection of UIC's CWP (construction work in progress) request, which would have allowed the utility to charge its customers even more money to cover \$18,989,000 worth of construction.

JOHN E. WILLIAMS
Illinois Association of Community Action Agencies

Oppose censorship legislation

To the Editor:

Two bills, 0462 before the Illinois House of Representatives and 164 before the Illinois Senate, are part of a trend toward censorship.

These bills impugn the integrity of the public library

personnel and at the same time encroach upon our freedom of choice.

We do not approve of censorship by individuals, by self-appointed organized groups.

We have informed our state representatives and

our state senator that we want them to oppose these bills. We hope other concerned citizens will do so as well.

NOTICE FOR PUBLICATION

TO: EDWARD LANCE, FATHER OF MICHELLE LANCE, A MINOR 81-J182 GRANITE CITY, ILLINOIS and to All Whom It May Concern:

Take notice that on the 20 day of April, 1981 a petition was filed under the Juvenile Court Act by Asst. State's Atty. Randy G. Massey in the Circuit Court of Madison County, Illinois, in the interest of Michelle Lance, a minor, and that in Circuit courtroom at Edwardsville on the 20 day of May, 1981 at the hour of 1:00 P.M., or as soon thereafter as this cause may be heard, an adjudicatory hearing will be held upon the petition to have the child declared to be a ward of the court under that Act. The court has authority to take from you the custody and guardianship of the minor.

Now, unless you appear at the hearing and show cause against the petition, the petition may be taken for each of you, and an order, judgment or decree entered.

PUBLIC NOTICE

Notice of Proposed Change in Schedule

To Patrons of Illinois Power Company:

The Illinois Power Company hereby gives notice to the public that it has filed with the Illinois Commerce Commission proposed changes in its Standard Terms and Conditions for Electric and Gas Service which apply in all communities and areas in which the Company provides electric and gas service. The proposed changes reflect the direction of the Illinois Commerce Commission to establish a charge of \$15 to be paid by residential customers who receive an energy audit as set forth in the Illinois Residential Conservation Service Program Plan.

A copy of the proposed changes in schedules may be inspected by any interested party at any business office of the Company.

All parties interested in this matter may obtain information with respect thereto either directly from this Company or by addressing the Chief Clerk of the Illinois Commerce Commission, Springfield, Illinois 62706.

More oldies get the Nelson treatment

By ROBIN WELLES
HOLLYWOOD — Back in the 1950s, in the saloons of Texas, Willie Nelson often had a hard time making himself heard over the roar of the drunks.

But he did, and he became something of a Texas institution after a while — so much so that the rest of the country began listening to what all those good ol' boys in Texas had been listening to.

Now Willie is a national institution and the drunks shut up when he sings. "It's scary, things are goin' so well," muses Willie. "I'm singin' and actin'. I don't work for a living."

WILLIE NELSON

Yes, Willie is a platinum success, meaning his records usually sell at least a million copies. He has one out for Columbia now called "Somewhere Over the Rainbow." And if it doesn't sell a million copies it will be because Americans have run out of money.

This is the second LP in which Willie has indulged himself by digging out some of the great standards of the past and giving them that special Nelson treatment. If you remembers his "Stardust" album, you'll recall how fine that treatment is.

In addition to "Rainbow" on the current LP, Willie sings such as "Mona Lisa," "Who's Sorry Now?" "Exactly Like You," and "I'm Confessin'."

ERIC CLAPTON - Another Ticket (RSO) — If Clapton keeps on performing like this, he'll not only be a survivor of the 1970s but also of the 1980s. This is a very strong Clapton album, fresh, original, and with superb musical backup. Eric ranges all over the place, from rock to country. First class all the way.

SMOKEY ROBINSON - Being With You (Tamla) — Smokey is another long-distance performer (some 20 years now) who seems to get better with the years. He has a special way with a lyric that has endeared him to millions of listeners. That cool, mellow tradition goes on.

LIVE UNDER THE SKY - (CBS Mastersound Series) — This is a digital, two-record album recorded in Tokyo in 1979 during a performance by Herbie Hancock, Freddie Hubbard, Tony Williams, Ron Carter and Wayne Shorter. Digital is definitely the wave of future because of superior sound reproduction. The jazz quintet never sounded better than this.

SISTER SLEDGE - All American Girls (Cotillion-Atlantic) — One of the best quartets of this era lays down another silky-smooth, highly rhythmic selection of songs. "We are still family," says Sister Sledge, and that

I LOVE A MYSTERY

NO DETECTIVES ON RADIO EVER CAPTURED THE LISTENERS AS DID JACK, DOC AND REGGIE. THE THREE COWBOYS OF WILD ADVENTURE WERE THE HEROES OF *I LOVE A MYSTERY*, WHICH WAS FIRST HEARD ON NBC JAN. 16, 1939. MICHAEL RAFFETTO, BARTON YARBOROUGH AND WALTER PATERSON WERE THE ORIGINAL FREEBOOTERS.

JACK PACKARD, LEADER OF THE TRIO, WAS AN UNSENTIMENTAL TOUGH GUY WITH AN ANALYTICAL BRAIN. TEXAN DOC LONG WAS FULL OF GOOD HUMOR AND QUIPS. HIS FINGERS WERE MOST EDUCATED WITH DICE, CARDS AND LOCKS ON. SAFER, HE LOVED WOMEN AND ROUGH-AND-TUMBLE FIGHTS. REGGIE YORK WAS A PRIM AND PROPER BRITISHER, BUT ALSO HEAVY IN ANY KIND OF FIGHT.

A straight role is Gabe's fantasy

By NANCY ANDERSON

HOLLYWOOD — Is it dangerous for a movie to make light of a holdup, to encourage an audience to hope for its success, even if that movie is a comedy?

Gabe Kaplan, standing in the warm Florida sunshine on the edge of the "Nobody's Perfect" set, thought about the question and said "No."

In the picture for Columbia, Kaplan, Robert Klein and Alex Karras are presented not as criminals but as crusaders, albeit would-be holdup men with their target the mayor of Miami. They are little guys fighting a big institution, city hall.

"No, this isn't dangerous," said Kaplan. "I see more danger in 'The Three Stooges' were some guy takes hammer and hits another guy in the head, and there's a lot more danger in a '60 Minutes' show that shows how kidnappers kidnap."

Kaplan said that he will have two films out next summer, back to back perhaps so that he may be competing with himself.

One is "Nobody's Perfect," a movie just winding up production. The other is "Tulips," a picture he made in Canada a year and a half ago.

It, too, is a comedy of sorts though of a darker hue than the Florida-made picture.

"It was harder to make 'Tulips,'" said Kaplan, "because in that I played a guy who's a genius but very suicidal. It was a difficult character to get under."

Gabe fantasizes about playing a strictly dramatic role, totally straight with no laughs, but not even "Tulips" gave him that kind of part.

"The closest I've come," he said, "was in an episode of 'Police Story' in which I played a cop who used unorthodox methods. He had a female dummy in the car with him and whenever he'd suspect a crime was taking place, he'd park the car and start making out with the dummy so people would think there was a couple in the automobile. That was humorous in a way, but it was also dramatic."

"Nevertheless," Kaplan had to conclude, "people don't think of me as a dramatic actor."

GABE KAPLAN
...People don't think of me as a dramatic actor.

He has his own television production company but he's "really not looking to" develop a project for himself right now.

"Welcome Back, Kotter," the series which made him rich and famous, is running through syndication around the globe and, for some reason, is very big in Germany and Holland.

Yet, people now more often salute Gabe as "Mr. Kaplan" than as "Mr. Kotter."

Either salutation is OK with him.

"Not long ago I got on a plane filled with tourists from Hong Kong," he recounted, "and they all said, 'Oooh, Mr. Kotter.'"

"There are still a few people who say, 'Kotter' when they see me, but most people say, 'There's Gabe Kaplan.'"

"Either way is all right with me, because I liked the Kotter character."

Advised that a psychiatrist said during a recent television interview that clean-shaven men are more outgoing than men with beards and mustaches, Gabe said the psychiatrist might be right.

"But I don't think I grew my mustache because I'm shy. I grew it because I have a long upper lip."

"Still, men who wear beards and mustaches may do it to hide something about themselves. And it's the same with men who wear dark glasses."

Kaplan's always known he could be funny, but, shy or not, he used to be "too inhibited to be funny with strangers."
